

**560029 (FJUICE)**

Chilled Juice Dispenser with 4-flavor dispensers or 3-flavor and 1 Water Dispenser (3 l capacity each), R134a

## Main Features

- Dispense chilled beverages produced starting from concentrate juice.
- Pressure-sealed insulated tank assures that the juice temperature doesn't change even in case of continuous dispense.
- Water level in the tank is automatically restored after every dispense.
- It can be used both with glass or jug.
- Pre-set dose or push control dispensing can be settled.

## Construction

- The unit is provided with 3/4 inch connection pipe for water inlet.
