

# The New Ice Age

Pure. Zero waste. Sustainable.  
Pebble Ice Makers

# You talk...

My business consumes vast quantities of ice so I need a machine which is not only fast, but **hygienic** and **economic to run**.

We try to be as energy and resource efficient as possible so sustainability is key. It would be amazing to find a machine that makes ice in a shape which I can use in lots of **different applications**

## ...we listen

A greener, zero water waste way of making pure ice for your business, the new Pebbles Ice Maker from Electrolux Professional is the latest addition to our range of ultra-efficient, easy-to-clean machines and the answer to all your ice needs

**Green**

Low environmental impact

**Savings**

Zero waste, high efficiency

**Flexible**

Ideal for every application

# Zero waste + infinite applications = 1 pebble

Want one type of ice which is perfect for all uses? Tired of high water and energy bills? It's time to enter a new ice age for your business, the age of Pebbles

1 liter = 1 kg

## Less environmental impact, more savings

Not only do Pebble makers save on utility bills, the use of non-toxic, zero ODP (Ozone Depletion Potential) and very low GWP (Global Warming Potential) natural gas R290 as the refrigerant means they are better for the environment and future generations too

## Full insulation

Reduced energy consumption thanks to highly efficient **fully-insulated storage bin**

# R290

## Zero Waste

**1 liter of water = 1 kg of ice**

Lower utility bills for you and zero waste of the world's most precious resource: water. Pebble makers also reduce your energy bills with an optimized use of hot and cold cycles when producing ice

flexibility

### Universal ice

Use Pebbles in **every application**, in every sector: from catering and hospitality, to retail, industry and medicine

### No limescale

Long-lasting performance and efficiency thanks to innovative **water regulation system** which prevents limescale build up

### Hygienic

Low risk of contamination with easy to clean and sanitize **food-safe components**

### Smart sensor

Reduced down time, an electronic sensor continually monitors rotation speed to ensure machine efficiency

### Robust

Low-maintenance, long-lasting, high-quality **stainless steel engineering**

Perfect for muddled cocktails such as Caipirinhas and Mojitos

pebbles

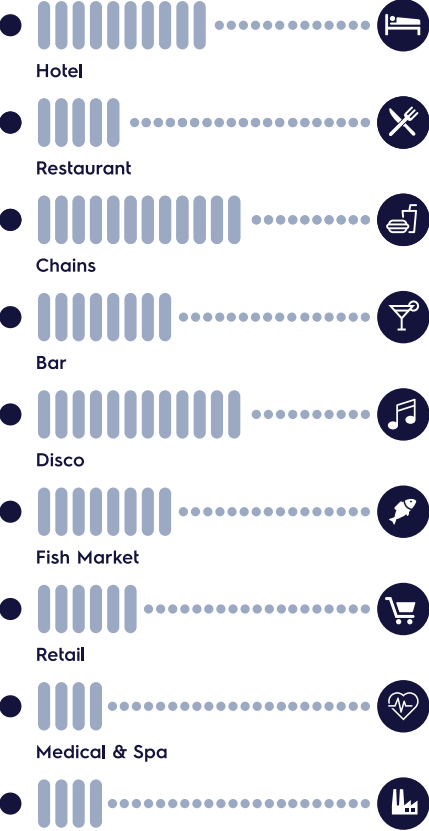

# The Age of Pebble.

## The micro-cube of the future

Save on water and energy bills, Pebbles system technology and properties makes the perfect ice for you. Whatever you do

### The universal ice

Satisfyingly chewable,  
maximum packability  
and magically clear

**Bar**  
**30% less water loss\***. Put an end to watery drinks, Pebbles are low dilution. Easy to portion, they are the perfect ice for keeping drinks cool and making smoothies  
\* compared to Fast Ice over a 20 minute period

**Retail**  
**Attractive** to look at and slow to melt, Pebbles are ideal for fresh produce displays

**Restaurant**  
 Just **one type of ice** for all your needs: serving raw fish, chilling drinks, creating visually stunning displays or rapidly cooling food during prep

**Industry/Medicine**  
 Just **8% humidity**, superior cooling properties and low risk of contamination from impurities and limescale make Pebbles perfect for a wide variety of applications

**1 liter  
= 1 kg**

---

**1 liter = 1 kg  
Zero waste**

Save on your water bills and help save the planet. No water is wasted and your energy bills are lower too as Pebbles are produced using our **super efficient hot and cold cycle technology**

# We make the technology. You do your magic. Electrolux Professional Ice Makers

The right ice makes all the difference to your business whether that means serving your customers the perfect cocktail, creating appetizing displays of fresh produce, rapidly cooling samples, packing today's catch for transportation or treating sports injuries.

Wherever you are and however much you need, Electrolux Professional has the **high performance, energy efficient ice maker** for you

# Ice cube. Cubes rooted in technology

Searching for the perfect Ice Cube? Compact, pure and perfectly formed, the Electrolux Professional range of Ice Cube makers has the perfect model for your business

## The ice that lasts

Bars, restaurants and industry.  
13 g of classic form, exceptional performance

### Extra crystal clear ice

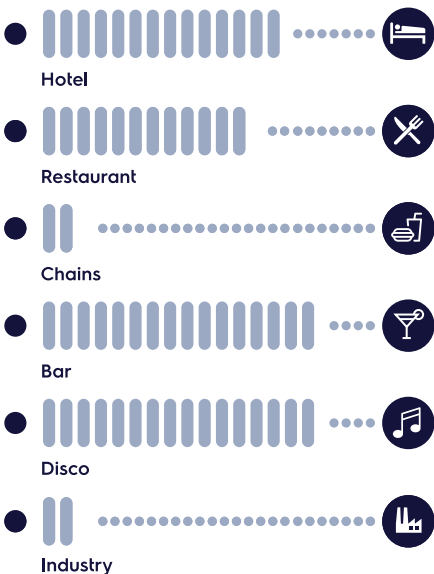

Perfectly pure, slow-to-melt extra crystal clear ice looks beautiful. The perfect ingredient to enhance and preserve the flavor of food and drinks and show them at their best

### Cool. Clear. Perfection

Beautiful to look at, each crystal clear ice cube keeps its cool for longer, preserving the flavor of drinks

### How much do you need?

Perfect for every business. Output capacity can be as little as **22 kg/24 h** to a massive **132 kg/24 h**

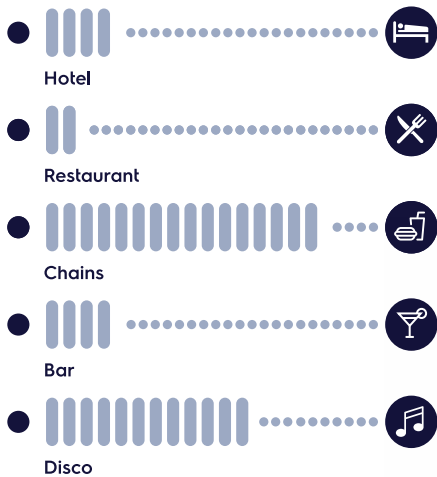

# Fast Ice. When do you need it? Now

Fast to make and fast to act, Electrolux Professional **Fast Ice** machines produce perfectly formed, equal-sized cubes to instantly cool your drinks

## High productivity ice

**Bars, clubs, chains, restaurants**  
A cool 7 grams

### Extra crystal clear ice

Perfectly pure, slow-to-melt extra crystal clear ice looks beautiful. The perfect ingredient to enhance and preserve the flavor of food and drinks and show them at their best

### Hygiene is a priority

Easy compliance with food safety standards. Fast ice is produced on machines which are simple to clean and sanitize

### 7 grams of perfection

Every compact, resistant cube is exactly the same and never forms clumps because their produced using a vertical evaporator and our patented technology

### Quick cool, quicker workflow

Perfect for instantly chilling fizzy drinks in high productivity businesses. Fast ice machines work continuously to produce **up to 32 kg in an hour**

# Ice Finger. The cube with coldest touch

Beautiful to look at and highly functional too.  
Crystal clear Ice Fingers, perfectly cool drinks for longer

 Quick cool, high surface area ice

Bars, restaurants, clubs. The shape of innovation

-  .....   
Hotel
-  .....   
Restaurant
-  .....   
Chains
-  .....   
Bar
-  .....   
Disco
-  .....   
Fish Market

## Keep your cool

Drinks cool faster, maintain flavor and stay cooler for longer because of the large surface area of uniformly shaped and sized ice fingers

## Hard water? No problem

Crystal clear ice fingers even in hard water areas thanks to our surface treated immersion systems. Ice finger machines are super resistant and easy to clean and sanitize

## Ideal for chilling champagne

# Ice Flakes. Stay fresh. Look cool

Need ice which looks great and is easy to mold? **Ice Flakes** keep fresh produce looking and tasting great and are perfect for treating sporting injuries and other medical applications

 **No freezer burn,  
high moldability ice**

### Appetizing displays

Natural-looking Flake Ice is ideal for preserving and displaying fresh food

### Use anywhere

Sea front warehouse, high tech laboratory, hospital ward or exclusive seafood restaurant, Ice Flake machines are easy to install and available in a wide range of sizes to fit your space

**Retail outlets, fisheries,  
industry, medical**  
Cool anywhere

Medical & Spa
-  .....   
Industry

### Pack it in

Rapid cooling and gentle freeze-free packing of your produce. The extreme moldability of these small grains of ice, reated at just below **0 °C**, make Flake Ice perfect for use with fresh fish

### High efficiency. Zero waste

Get **1 kg of ice from 1 liter of water**. Ice Flakes are inexpensive to make and produced using simple technology so machine maintenance is quick and easy too

# Essentia Teamed to serve you. Anytime, anywhere

Essentia is **the heart of superior Customer Care**, a dedicated service that ensures your competitive advantage. Essentia provides you with the support you need and takes care of your processes with a **reliable service network**, a range of tailor-made exclusive services and innovative technology.

You can count on more than **2,200 authorized service partners**, **10,000 service engineers** in more than **149 countries**, and over **170,000 managed spare parts**.

## Service network, always available

We stand ready and committed to support you with a **unique service network** that makes **your work-life easier**.

## Keep your equipment performing

Undertaking correct maintenance in **accordance with Electrolux Professional Manuals** and recommendations is essential to avoid unexpected issues. **Electrolux Professional Customer Care** offers a number of **tailor made service packages**. For more information contact your preferred Electrolux Professional **Authorized Service Partner**.

You can rely on the quick dispatch of original Accessories & Consumables, rigorously tested by Electrolux Professional experts to ensure **durability and performance of your equipment**, together with **user safety**.
