

CRATHCO

CR2500 SERIES BARREL FREEZERS

Drive frozen sales and profits with our NEW
Crathco Barrel Freezers

With its large capacity, the line of CR2500 Barrel Freezers stand ready to support any frozen beverage program with continuous, rapid production. Crathco's newly-designed system offers a range of operator benefits to ensure durability, reliability and optimum performance. The full stainless steel .79" thick front plate is the thickest in the industry and provides a more consistent frozen temperature. An ergonomically-designed draw handle is intuitive to use and is constructed to last.

CR2500 SERIES BARREL FREEZERS

BARREL FREEZERS

Crathco Frozen Beverage Barrel Freezers are essential for executing a profitable and successful beverage program. Dispensing a variety of frozen delights such as slushies, granitas, and frozen cocktails, the Crathco CR2500 series is designed for capacity and efficiency, ensuring quick freezing and consistent beverage quality. Engineered with a user-friendly design, component durability, and versatility, Crathco Barrel Freezers are ideal for high-demand environments like restaurants, convenience stores, entertainment venues and concession stands.
