# FAST, EASY, UNIFORM QUALITY

## EASY TO USE

Smart solution for a smoother everyday routine. No need for special skills or training.

## FAST

Make a crunchy sandwich in less a minute.

## ENERGY EFFICIENT

Lower bills with the innovative Energy Saving Mode. Close the upper-plate when the stand-by notification appears and consume 69% less electricity\*.

\* Internal test done in Electrolux Professional R&D Laboratory on EazyPanini shows that appliance in Energy Saving Mode consumes 69% less compared to standard usage mode.

## CONNECTED 24/7

Track performance in real time using data and team feedback.

## UNIFORM QUALITY

Consistency every time thanks to advanced, user-friendly technology.

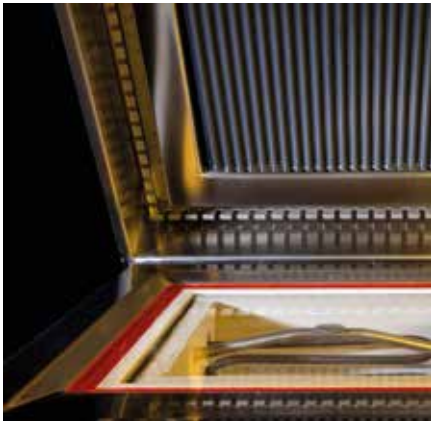

## ERGONOMIC

Designed with smooth edges, stable handles, a self-regulating lid and extra-large display for comfortable use, all day long.

# THE IDEAL SANDWICH, EVERY TIME

---

## THE RIGHT COOK FOR EVERY LAYER

EazyPanini combines contact plates, infrared and microwaves to get every layer of the sandwich just right.

### Benefits:

Thanks to the three different technologies, the ideal temperatures are reached quickly so the outside is crunchy and the inside is perfectly cooked. The contact plates and infrared radiation reach 100-250 °C and the core of the product 60 °C in a flash.

## SELF-ADJUSTING UPPER PLATE

Just the right pressure with no need for user input.

### Benefits:

Sandwiches come out thick and crunchy.

## OPENS AUTOMATICALLY

Press the button and the job is done: the lid will rise automatically when the snack is ready.

### Benefits:

No need to stand by because sandwiches will never burn.

## LESS THAN 60 SECONDS FOR A PERFECT SANDWICH

Serve customers quickly and free up time.

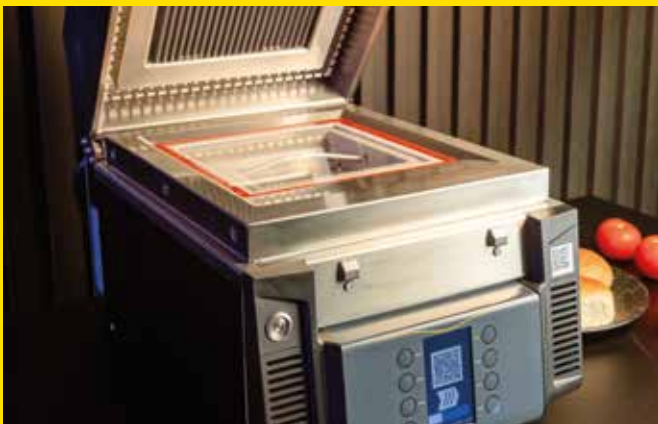

# PRACTICAL AND VERSATILE

## AUTOMATIC AND CUSTOMIZED COOKING PROGRAMS

The selected program and countdown are shown on the easy-to-read LED display.

## VARIETY

EazyPanini cooks a wide range of foods: sandwiches, roll-ups, tacos, pizzas, bakery items and much more. Multiple cooking programs in a single solution.

## PLUG & PLAY

With plug-and-play installation and a user-friendly control panel, EazyPanini requires no ventilation hood\* or extra space on the sides, so it can be placed anywhere on the countertop. Cook sandwiches easily in the space you have.

\*to be verified in accordance with local legislation.

## HIGH PRODUCTIVITY

Up to 1000 cycles per day. The non-stick tray makes clean-up fast and easy between one sandwich and the next.

# A SOLUTION FOR EVERY SEGMENT

---

Unlimited options for any kind of food service business.

**PUBS & BARS**

**COFFEE SHOPS**

**FOOD DISTRIBUTION**

## CONNECTIVITY

---

EazyPanini integrates with outlet management systems for a range of practical connectivity benefits. Share menus, track performance, or monitor any warnings or malfunctions with the usage of USB port.

Wi-Fi capability allows, also, any mobile device to connect and interact with remote locations.

## EASY TO CLEAN

---

The simple design and the removable cooking top and ventilation filters ensure fast, easy cleaning. If technical assistance is needed, quick access to inside components makes professional maintenance from one of our thousands of technicians a snap. EazyPanini is safe and practical both to use and maintain.
