

Shaping the effortless laundry

Line 6000 Washers

Innovation is the driver of great performance

Our intensive research and cutting-edge product development have led to an ergonomic line of washers that ensures effortless operation and exceptional savings.

Easier, healthier, safer

Certified ergonomic design with a human-centered approach for an outstanding user experience.

Real-time solutions

Monitor your equipment's status and performance from anywhere and take action to improve your business.

Long-term savings

Innovative features to save money and time, and embrace a sustainable lifestyle.

Outstanding productivity

Wash more laundry in less time.

Not a drop of water wasted

Automatic Savings weighs the linens and adjusts the water intake to the actual load. This **saves water, energy and money** at anything less than full loads.

Precise detergent dosing

With the **Intelligent Dosing** feature, the precise amount of detergent will be added automatically according to the weight of the load.

Extraction sequence perfectly balanced

Power Balance translates to real-time unbalance monitoring and G factor adjustment throughout the extraction sequence, for **maximum dewatering** and lowest moisture retention to save you time and money in the drying process.

Avoid overloading and underloading

With **Integrated Savings** measuring and showing the load in real time, you can avoid overloading and underloading, for optimized productivity. This way you **maximize profits, obtain optimal results, save water and energy** at less than full loads, and extend the lifetime of your washer.
