Shaping the effortless laundry

Line 6000 Detergents - Nordic Swan Certified

The Company reserves the right to change specifications without notice. Pictures are not contractual.

Certified expertise to grant you unparalleled performances and results everyday

Line 6000 swan-range detergents: the natural choice to clean all linen and textiles

Running a laundry business implies some conscious choices. You want to offer your customers quality results through pristine linen. You also want to guarantee them that the chemicals used in the process are gentle to the environment, to the textiles and to the skin. At the same time you want to make sure your operation stays profitable and generates a revenue day after day.

The Nordic Swan Ecolabel is an ISO 14024 type 1 Ecolabelling system and is a third-party control organ. Products carrying the Nordic Swan Ecolabel meet extremely high environmental and often climate requirements. The life-cycle perspective of the product is analysed, i.e., the product's impact on the environment from raw material/source to waste. Criteria is also set with regard to quality, health aspects and performance/ functionality. Each product group has overriding general criteria requirements as well as product-specific requirements

Expand the sustainability of your business by choosing the right workmates

Nordic Swan certified, fragrance free, dermatologically tested and hypoallergenic. Line 6000 swan-range detergents have been developed to offer high quality, safety and effectiveness ensuring low environmental impact.
