Line 6000 Washers

Automatic or manual dosing. Either way, you win

## Save time and chemicals with automatic dosing

Quick to install with all functionality embedded

Simply connect the washer to one or more pumps (for up to 15 types of chemicals) with a single cable. Detergent, softener and other chemicals will be automatically dosed according to the program and weight of the load. Simplicity is at your service.

Pioneers in usability

Ergonomic interventions can reduce work-related musculoskeletal disorders (WMSDs) by **59**%, with an average decrease of **75**% in sick days and a **25**% increase in productivity.

★ ★ ★ ★
Manual dosing has never been so simple

The right height

The front-mounted dispenser is positioned for easy access and tilts down when opened so **you can see each compartment clearly.**

Works with all types of chemicals

Suitable for **either powder or liquid detergent,** with a dedicated bleach compartment.

Easy to clean

Clear visibility and removable components make cleaning the dispenser simple and convenient.

User-friendly detergent dispenser

The dispenser has 6 color-coded* compartments that **show you what to pour where**. Still not sure? Just follow the simple instructions on screen.
*Is a specific feature of ClarusVibe models

Watch the video and **find out more**!

When considering the cost of an investment, the up-front expense is just the tip of the iceberg.

15%
Up-front investment

85%
Life cycle costs
These costs make up **the bulk of your expenses** during the lifetime of your washer or dryer.

▸ Chemicals

▸ Energy

▸ Water

Automatic dosing of detergents is your best ally when it comes to real savings

When you choose a ClarusVibe model, the Intelligent Dosing feature comes as a standard, automatically delivering the right amount of detergents according to the weight of the linen inside the drum. It operates in perfect combination with either of our dosing pump options, **JETSAVE or DOSAVE**.

Sound complicated? Not at all. Your washer is ready to go with **two quick connection cables**: one for the power supply and one for dosing signals data, with no need for multiple cables or difficult wiring jobs.

JETSAVE

DOSAVE

The **JETSAVE option** uses venturi-based, water-powered pumps that require less maintenance because there are no moving parts or squeeze tubes to replace. Dosage is reliable and installation is sleek and tidy thanks to the built-in flush manifold.

For all **CompassPro** models, the Efficient Dosing will will be your accountable partner, making sure that the only the right amount of detergents will be used at each cycle, providing remarkable savings.

Making every step intuitive

The core of each machine: choose among two powerful brains, **ClausVibe** or **CompassPro**, each best in class in its own category.

ClarusVibe control, the newest and most performing of the interfaces, guarantees an intuitive experience and smooth interaction, providing a **smart and effortless way to manage the wash process**.
Experience **4-stars** with ClarusVibe ★★★★
Full HD 7'' color touchscreen

A clear and comprehensive layout gives users **full command of the process** without the need for searching and scrolling.
Intuitive & customizable

More productivity with an easy-to-use interface. You can even **set a customizable picture** for each of your selected programs.

Fully editable programs

Easily set up **programs for anything**, from delicates to workwear and from surgical scrubs to plastic toys.

Multi-language Flexibility

Compatible with all languages, even right-to-left scripts like Arabic. For international use or your multicultural team. Up to 34 languages available.

CompassPro, the more traditional among the 2 interfaces, comes with a new design and improved user experience.

Flexible and customizable, comes with preset programs as well as free programs slots. Up to 18 languages available.

Smart interface

The Compass Pro® microprocessor works through a large screen where you can select your program easily in your choice of language. Quick-select buttons for frequently used programs and intuitive new icons for normal/low temperature, delicates, and other options.

Not just clean: green and lean

Line 6000 is designed for the lowest possible **water, energy and detergent** consumption. With Automatic Savings or Integrated Savings, Intelligent Dosing and Power Balance technologies, we ensure minimum cost per load while helping you run an environmentally sustainable business.

Automatic Savings

Not a drop of water wasted

Automatic Savings weighs the linens and adjusts the water intake to the actual load. This **saves water, energy and money** at anything less than full loads.

without **AS**   with **AS**

Available only for ClarusVibe models

Integrated Savings

Avoid overloading and underloading

With **Integrated Savings** measuring and showing the load in real time, you can avoid overloading and underloading, for optimized productivity. This way you **maximize profits, obtain optimal results, save water and energy** at less than full loads, and extend the lifetime of your washer.

Longer lifecycle

Intelligent Dosing

Precise detergent dosing

With the **Intelligent Dosing** feature, the precise amount of detergent will be added automatically according to the weight of the load.

without **ID**   with **ID**

Efficient Dosing

Boost your business with significant savings

With the **Efficient Dosing System** from Electrolux Professional your laundry solution will be more cost efficient than ever. You have full control over the wash process, and the high quality output guarantees an end to damaged linen or skin irritations caused by detergent overdosing.

Save over 30% on detergent costs.

Power Balance

Extraction sequence perfectly balanced

Power Balance translates to real-time unbalance monitoring and G factor adjustment throughout the extraction sequence, for **maximum dewatering** and lowest moisture retention to save you time and money in the drying process.

Maximum **dewatering**

The OnE partner for your sustainable laundry

Electrolux Professional is **The OnE trusted partner** making your work-life easier, more profitable – and truly sustainable every day.

With **sustainability** at heart, we are leading the way in designing full and integrated solutions that deliver **high productivity, lowest life cycle costs**, and are the most **easy to use, to maintain and to service.**

Electrolux Professional is The OnE trusted partner for single and full solutions because the way we shape processes and solutions comes from human centric legacy and longstanding expertise in what makes your business more efficient.

Line 6000 Washers & Dryers

When you choose an Electrolux Professional solution, you are not just buying a machine. You are selecting a **comprehensive package of services and benefits:** technological innovation, certified ergonomics, guaranteed customer care services and cutting-edge connectivity.

Essentia is the heart of superior Customer Care: a dedicated service of value that becomes foremost for your competitive advantage. We provide you the needed support, taking care of your processes with a reliable **service network**, a range of tailored-made exclusive **service agreements**, genuine **accessories and consumables** and an innovative technology.
