- ▶ In recent years over 70% of our product features have been updated with the environmental needs of our customers in mind
- ▶ Our technology is RoHS and REACH compliant and over 95% recyclable
- ▶ Our products are 100% quality tested by experts

Hygiene and
efficiency for
healthcare laundries

Generation 7000
ENDLESS POSSIBILITIES

The Company reserves the right to change specifications without notice. Pictures are not contractual.

Compact. Intuitive. Built for the delicate care industry.

Small elderly homes, nursing homes, child daycare, and other care homes have in common hygiene as a primary focus.

When you have to ...

- ▶ keep laundry standards impeccable
- ▶ provide peace of mind to patients and families
- ▶ manage large volumes without overworking your staff
- ▶ maintain a profitable business

...we give you washers and dryers that exceed your expectations.
Meet the **Compact Power**

Hygiene validation

Built-in **thermal disinfection validation**, so you can receive real-time alerts if a hygiene cycle has failed.

Adapts to your space

Compact size to fit in any limited area. **Stackable washer & dryer to double space efficiency** and boost laundry production.

High productivity

Easy loading and unloading operations and fast overall laundry cycles (Short wash cycles, high dewatering, quick drying).

Ease of use

Highly intuitive interface and ergonomic benefits to reduce strain, including for tenants with disabilities.

WASHER EXTRACTOR

The laundry ally for you and your staff

Goodbye dirt!

NEW The new way to **enhanced dewatering** (with no lint stuck), **deep cleaning** and **preserving fabric integrity**. With stainless steel drum lifters.

INTELMESH

LINTLESS DESIGN

PATENTED

NEW Ergonomic Door Handle

DUAL DOOR HANDLE

Universal door handle for **gentle grip** with no extra force applied. For both **right** and **left-handed**

UNIQUE in the industry

PATENTED

WIDE 2X GLASS DOOR

NEW Wide double-glass door to **prevent burning** and **ease loading / unloading operations**

DOOR DAMPER

NEW **Door Damper** Keeps the **door open** and **still**

Disinfection and hygiene under control

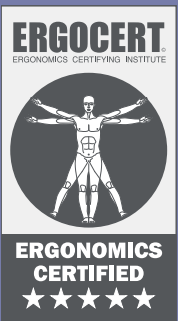

Deactivates SARS-CoV-2, human norovirus, and kills common bacteria. For use when risk of contamination

RISE

Ergonomics at the heart of our design

UNIQUE in the industry

From simplifying daily operations and reducing **physical strain** to **improved serviceability**, our solutions are built to **enhance the user experience** while contributing to a more sustainable future.

TUMBLE DRYERS

Even more time & energy savings

MOISTURE BALANCE

Automatic switch off once the items have reached the **right level of dryness** (or the one you set). For **protected garments** and **energy savings**

M.E.M.E. Minimum Energy Maximum Efficiency

Save up to 65% in energy with our **patented heat pump** – optimized by the **electronic valve** and **inverter technology** for **maximum drying efficiency**

8%

First dryer in the market with **Integrated load intelligence**

Small load? No problem!

UNIQUE in the industry

FIRST in the industry

LOAD INTELLIGENCE

ECO PROGRAM

NEW Choose the **EcoProgram** and **Save up to 8% in energy consumption** by knowing the drum load

Universal User Interface & Experience just in one touch

Flexible & user friendly, multiple languages, full program library for an **intuitive experience** and smooth interaction. **Seamlessly across washers and dryers**

PATENTED

Complete Data Access

OnE Connected

With connected machines, you will benefit from **clear insights!** Each cycle is **automatically logged** to comply to the required hygiene standards, and flagged immediately in case of errors. So dirty floors are always under control!
