The laundry your
guests deserve

Generation 7000
ENDLESS POSSIBILITIES

ONE SIZE, DOUBLE THE BENEFITS, TRIPLE PERFORMANCE
6, 7, 8 KG UNDERCOUNTER / STACKED

Compact. Intuitive. Built for the modern hospitality industry

Hotels guests’ laundries, Bed&Breakfasts, valet laundries: these are places that demand specific applications and emergency solutions.

When you have to ...

- ▶ make your guests feel pampered
- ▶ take control, instead of outsourcing
- ▶ keep running costs low
- ▶ improve job satisfaction for your staff

...we offer you washers and dryers that exceed your expectations.

Meet the **Compact Power**

High productivity

Easy loading & unloading operations and fast overall laundry cycles (short wash cycles, high dewatering, quick drying).

Ease of use

Highly intuitive interface suitable to the broadest users. Designed to **minimize** strains and **maximize** workplace comfort.

Adapts to your space

Compact size to fit in any limited area. **Stackable washer & dryer to double space efficiency** and boost laundry production.

Saves money

Very quick and cost-efficient to **install**, with extremely low energy and operating costs over time.

WASHER EXTRACTOR

The laundry ally for you and your staff

NEW **Ergonomic Door Handle**

Universal door handle for **gentle grip** with no extra force applied. For both **right** and **left-handed**

UNIQUE in the industry PATENTED

NEW Wide double-glass door to **prevent burning** and **ease** loading / unloading **operations**

NEW **Door Damper** Keeps the **door open** and **still**

Sustainable and cost-effective

The **Intelligent Dosing** system weighs the laundry for you and adds the precise amount of chemicals to assure you a minimum cost per load and an environmentally sustainable business.

Fast turnaround. Less waiting time. **More laundry done.** Happy tenants all year around.

TUMBLE DRYERS

Even more time & energy savings

Automatic switch off once the items have reached the **right level of dryness** (or the one you set). For **protected garments** and **energy savings**

Save up to 65% in energy with our **patented heat pump** – optimized by the **electronic valve** and **inverter technology** for **maximum drying efficiency**

8% First dryer in the market with **Integrated load intelligence**

Small load? No problem!

UNIQUE in the industry FIRST in the industry

NEW Choose the **EcoProgram** and **Save up to 8%** in **energy consumption** by knowing the drum load

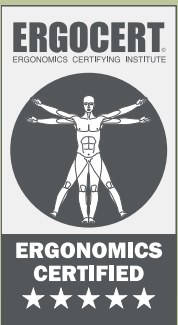

Universal User Interface & Experience just in one touch

Flexible & user friendly, multiple languages, full program library for an **intuitive experience** and smooth interaction. **Seamlessly across washers and dryers**

PATENTED

Ergonomics at the heart of our design
