Excellence with the environment in mind

- ▶ The majority of Electrolux Professional Group factories are third-party certified according to ISO (International Organization for Standardization) standards ISO 9001 and ISO 14001, with some sites also certified ISO 5001 and ISO 45001.*
- ▶ We are focused on developing innovative and sustainable solutions designed for low water, energy and detergent consumptions and reduced emissions.
- ▶ Our products are tailored to human comfort based on ergonomic principles and according to the user's natural workflow, achieving maximum efficiency with minimum effort. We also perform third-party ergonomic certifications on certain products (ERGOCERT).
- ▶ The selection of materials and technologies for our products complies with REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) and RoHS directives (Restriction of Hazardous Substances 2011/65/EU) for the protection of human health and the environment.

Laundry solutions for
the modern busy living

Generation 7000
ENDLESS POSSIBILITIES

The Company reserves the right to change specifications without notice. Pictures are not contractual.

Compact. Intuitive. Built for the modern, everyday living

Small apartment house laundries, student housing, marinas, coin stores... these places that demand high throughput and low running costs.

When you have to ...

- ▶ provide a fast, user-friendly experience, avoid breakdowns and keep machines running smoothly
- ▶ run a sustainable laundry room and save on energy costs
- ▶ keep your tenants happy

...we offer you washers and dryers that exceed your expectations.

Meet the **Compact Power**

High productivity

Easy loading & unloading operations and fast overall laundry cycles (short wash cycles, high dewatering, quick drying).

Ease of use

Highly intuitive interface suitable to the broadest users. Designed to **minimize strains** and **maximize comfort of operations**.

Adapts to your space

Compact size to fit in any limited area. **Stackable washer & dryer to double space efficiency** and boost laundry production.

High profitability

Low OPEX, keeping the productivity high: **increased profit per cycle**, per day, per customer.

WASHER EXTRACTOR

The laundry ally for you and your staff

NEW Ergonomic Door Handle

Universal door handle for **gentle grip** with no extra force applied. For both **right** and **left-handed**

UNIQUE in the industry PATENTED

User-friendly detergent dispenser

Front pull-out Detergent Drawer with **5 color-coded compartments** Removable for easy cleaning

Maximum dewatering for the lowest residual moisture

Real-time unbalance monitoring and G factor adjustment throughout the extraction sequence results in **maximum dewatering**, to shorten drying times, reduce energy consumption and save your tenants time.

Fast turnaround. Less waiting time. **More laundry done.** Happy tenants all year around.

TUMBLE DRYERS

Even more time & energy savings

Automatic switch off once the items have reached the **right level of dryness** (or the one you set). For **protected garments** and **energy savings**

Save up to **65% in energy** with our **patented heat pump** – optimized by the **electronic valve** and **inverter technology** for **maximum drying efficiency**

8%

First dryer in the market with **Integrated load intelligence**

Small load? No problem!

UNIQUE in the industry FIRST in the industry

NEW Choose the **EcoProgram** and Save up to **8% in energy consumption** by knowing the drum load

Universal User Interface & Experience just in one touch

Flexible & user friendly, multiple languages, full program library for an **intuitive experience** and smooth interaction. **Seamlessly across washers and dryers**

PATENTED

Ergonomics at the heart of our design

UNIQUE in the industry

From simplifying daily operations and **reducing physical strain** to **improved serviceability**, our solutions are built to **enhance the user experience** while contributing to a more sustainable future.
