... and all the benefits you need on a sensible budget. myPROZip gives you the advantages of a unique professional design with just the technology you need. A great and reliable investment that will serve you well for many years.

We ♥ giving you even more opportunities for fast return

Gentle drying of all kinds of delicate garments isn't easy.

And when it comes to protections in functional or waterproof outdoor clothing, boots and gloves, conventional drying has limitations because of the mechanical action.

Why not provide your customers and guests with a simple and efficient way to gently dry their clothing¹ as part of your service?

Imagine their satisfaction as they put on their dry sport clothing, warm ski boots and gloves, or simply dry normal clothes after the rain.

- ▶ **Top-quality results and textile care** thanks to gentle drying without mechanical action.
- ▶ **Save time.** Fast and gentle drying, quicker and better than hang- or flat-drying.
- ▶ **Incredibly user-friendly.** Easy-to-use control panel with automatic programs.
- ▶ **Ultimate flexibility.** One Cabinet – endless opportunities. Designed for sensitive garments, protective functional or outdoor clothing, and bulky items.

¹Two models available: Drying Cabinet TS560 (can be connected to alternative payment systems) and TS 512I (cannot be connected to alternative payment systems.)
