# Retail cleaning made effortless

When you run a local cleaning shop, you want the neighborhood to know you for great service and reasonable costs. Whether you own a single shop or a chain, the best equipment will keep your business in shape and your customers satisfied.

## When you have to ...

- ▶ prevent delays and deliver laundry fast
- ▶ save on water, energy and detergent
- ▶ get delicates beautifully clean and pressed
- ▶ rely on trouble-free, easy-to-install machines

...we give you washers and dryers that exceed your expectations.

## Ease of use

Highly intuitive interface and ergonomic benefits to reduce strain for a demanding job.

## Saves money

Very quick and cost-efficient to install, with extremely low energy and operating costs over time.

## Adapts to your needs

Suitable for historic buildings and city centers where ventilation can be a challenge.

# Washers. Simply easy, for you and your team

## User-friendly detergent dispenser

The front loaded **detergent dispenser** is placed at the correct height and tilts downward for good visibility. Six color-coded compartments **show you what to pour where**. Removable components make it easy to clean.

## Avoid overloading and underloading

With **Integrated Savings** to measure and display the load in real time, you can avoid overloading and underloading, for optimized productivity. You'll also get the wash results you need and extend the lifetime of your washer.

## Extraction sequence perfectly balanced

Real time monitoring of unbalance and real time adjustment of G factor throughout the extraction sequence always results in maximum dewatering and lowest moisture retention, saving you time and money.

## An interface sure to please

Flexible touch-screen approach with multiple languages and simple display instructions, for an intuitive experience and smooth interaction.

# Dryers. Better in every way

## Dry more laundry in less time

The smaller dryer takes 42 minutes\* to dry 6 kg of laundry. With the larger model you can dry 16 kg in 42 minutes!\*

\*At rated capacity, 100% cotton load at 50% initial moisture dried to 0%.

## New technologies for major savings

With our improved heat pump technology, **you can save more than 60% on energy bills** compared to traditional dryers, while keeping the laundry process quick and efficient so your customers will keep coming back.

## Dry not overdry

**Measures the exact moisture level** throughout the drying process. Saves energy by stopping as soon as clothes are dry, which is especially important for delicate garments.

## Smooth and convenient

Open and shut the door without strain thanks to the specially designed handle and easy-close magnetic door.

## Certified Ergonomics

The new range of washers and dryers has passed third party external testing and is **certified to international standards of ergonomics** and human-centered design. These products have earned the prestigious 4-star rating for ergonomics. This means they have been user-tested to make sure your operators will feel less tension and strain, so they—and your business—can thrive.

## Complete Data Access

With connected machines, owners and managers of textile cleaning businesses will benefit from **clear insight into the most efficient operational flow** of the laundry process.
