## Excellence

with the environment in mind

- ▶ All our factories are ISO 14001-certified
- ▶ All our solutions are designed for low consumption of water, energy, detergents and harmful emissions
- ▶ In recent years over 70% of our product features have been updated with the environmental needs of our customers in mind
- ▶ Our technology is RoHS and REACH compliant and over 95% recyclable
- ▶ Our products are 100% quality tested by experts

The laundry  
your guests  
deserve

The Company reserves the right to change specifications without notice. Pictures are not contractual.

# True hospitality made effortless

Hotels and restaurants will save large amounts of money and achieve better results by installing an in-house laundry instead of outsourcing. Treat your guests to the fluffiest towels and cleanest linens while boosting your profitability.

## When you have to ...

- ▶ make your guests feel pampered
- ▶ take control, instead of outsourcing
- ▶ keep running costs low
- ▶ improve job satisfaction for your staff

...we give you washers and dryers that exceed your expectations.

## Ease of use

Certified ergonomic benefits and a simple interface reduce hidden costs like training and sick leave. Operations are comfortable and accessible to users of all abilities.

## Full control

Connectivity is invaluable for chains and extremely useful for independent establishments. Connect your machines and make the most of data on cost, usage, and more.

## Makes your business flexible and productive

The energy savings are great for your bottom line, and you can advertise a green approach that guests will take to heart.

# Washers. Simply easy, for you and your staff

## User-friendly detergent dispenser

The front loaded detergent dispenser is placed at the correct height and tips downward for easy viewing. Six color-coded compartments **show you what to pour where**. Removable components make it easy to clean.

## Avoid overloading and underloading

With **Integrated Savings** to measure the load in real time, you won't overload or underload your machine, so you can keep your linen service moving efficiently.

## Sustainable and cost-effective

The **Intelligent Dosing** system weighs your laundry for you and adds the precise amount of chemicals to assure you a minimum cost per load and an environmentally sustainable business.

## Better usability with full HD 7" touchscreen

The new **CLARUSVIBE** control guarantees a friendly, intuitive experience and smooth interaction for the people in charge of your laundry.

# Dryers. Better in every way

## The fastest heat pump dryers in the market

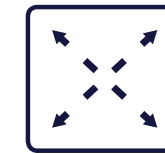

Dry 16 kg in 42 minutes\* and save more than 60% on energy. That's a performance like no other in the industry!

\*At rated capacity, 100% cotton load at 50% initial moisture dried to 0%.

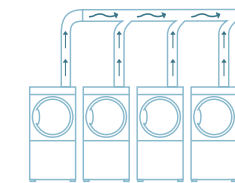

## Dry not overdry

**Measures the exact moisture level** throughout the drying process. Saves energy by stopping as soon as your towels are fluffy and dry, which also protects them and helps them last longer.

## Save space! Less than 1 m<sup>2</sup>

The new range takes less than one square meter of floor space, whether you choose electric, gas, steam or heat pump.

## High performance, less noise

**Adaptive Fan** control adjusts the fan speed automatically to save energy, reduce drying time and provide an even drying result

## Certified Ergonomics

The new range of washers and dryers has passed third party external testing and is **certified to international standards of ergonomics** and human-centered design. These products have earned the prestigious 4-star rating for ergonomics. This means they have been user-tested to make sure your operators will feel less tension and strain, so they—and your business—can thrive.

## The OnE effect

Connect your machines to **OnE** and let it show you how to optimize your business. **OnE** helps you get top performance from Electrolux Professional solutions and accelerate your return on investment.
