

ED Venturi

Efficient Dosing with venturi pumps

Product description

ED venturi is best chemical dosing solution of Electrolux Professional EDS and innovative venturi-based pumps. Efficient Dosing System can automatically adjust the quantity of detergent to the real load of your Electrolux Professional washer extractor, delivering the best wash result in a sustainable way.

The dosing pump is a low maintenance, venturi-based, water-powered laundry unit. It features three, or five products in the easily installed cabinet and offers an integrated flush manifold to make a far and consistent chemical delivery

Features and benefits

- Compatible with Electrolux Professional washer extractors equipped with Compass Control[®], Compass Pro[®] or Clarus Control[®]
- 3, 5 or 6 chemical products in a single cabinet
- Chemical saving: thanks to our unique Automatic Saving and Efficient Dosing controller
- Low maintenance - No peristaltic tubes, no routine maintenance, low total installed cost, no moving parts
- Wide range of consistent output - 500ml/min or 1500ml/min
- Integrated flushing manifold for long distance delivery
- Integrated USB port to collect statistics and monitor easily the chemical savings
- PC software to prepare the formulas and upload in the controller via a USB memory for an easy installation
- High flow is only recommended to be used on larger machines from 400 liters and up

* For models W4400H-W41100H which has the CPU unit located in the front, with the serial No's as below, we strongly recommend you to check on the location if the machine is installed with DMIS. If not, it is necessary to order and install a DMIS-kit BEFORE the EDS can be connected to the machine. The Art. No. for the DMIS kit is 988916197.
W4400H, W4600H up to -980/1287
W4850H, W41100H up to -1220/636

Product specification

ED Venturi			Flow Rate	
PNC	Description	Voltage	Low Flow (500 ml)	High Flow (1500 ml)
988930024	ED VENTURI 3 PROD LF	110V-240V, 50/60 Hz	x	-
988930022	ED VENTURI 5 PROD LF	110V-240V, 50/60 Hz	x	-
988930021	ED VENTURI 5 PROD HF	110V-240V, 50/60 Hz	-	x
988930026	ED VENTURI 6 PROD LF	110V-240V, 50/60 Hz	x	-
988930025	ED VENTURI 6 PROD HF	110V-240V, 50/60 Hz	-	x

Accessories PNCs	Description
988916611	Single low level probe, 350mm
988916621	One pick up low level probe for 3 machines, 500mm
988916610	Low level alarm 8 products with LED and buzzer
988800299	Recommended water hose kit for standard installation, 1500mm, 1.2", 3.4" 90 degrees
988916970	Extra EVA tube, 25m
988916971	Extra EVA tube, 15m
