

Laundry Presses – Air operated

FPA1-WC, FPA2-WC, FPA3-WC

Features and benefits

- High temperature stainless steel polished head dries the fabric and gives it a flat finish
- High pressure achieves an excellent finish
- Adjustable pressure regulator for pressing different fabrics achieves an excellent finish
- Air operated reduces operator fatigue and allows high production output
- Two button closing improves operator safety
- High quality padding and cover for buck reduces impressions
- Easy installation and operation due to no vacuum needed and therefore no pedal

Main options

- Integral steam boiler – 9 kW
- Integral air compressor
- Electric steam iron
- Safety head guard (CE) improves operator safety
- Adjustable release timer simplifies the operation and ensures consistent results
- Water spray gun with support and condenser
