FROSTY 2, Slush and sherbet machine, with 2x12-litres bowl

LED Lights

Ref: 562937
(FROSTY2NEW)

Slush and sherbet machine, with 2x12-litres lighted bowls, and mechanical control, refrigerant gas R290

General Features

FROSTY is the ideal slushy machine for those who want large-sized equipment with high performance, but with a low investment budget.

FROSTY 2 is the equipment for the production and dispensing of slushie, sherbets and other frozen specialties, with n. 2 tanks with a capacity of 12 litres each.

Tanks work independently and are illuminated with a LED lighting system, for a strong appeal to the consumer, and encouraging impulse purchases.

FROSTY has a double mixing system prevents ice accumulation, for optimum product consistency.

This slush machine has a manual control keypad, to turn on/off the lights and set the “production” mode and the “night” mode.

FROSTY 2, Slush and sherbet machine, with 2x12-litres bowl
