# GT TOUCH, 2 INSULATED BOWL AND TOUCH SCREEN

GT2T

**Ref: 562948**
**(GT2T)**

Dispenser for frozen yogurt, soft serve ice cream, sorbet, and slush, with 2x5 litres insulated bowls I-Tank, refrigerant gas R290

## General Features

GT TOUCH 2 is equipped with n. 2 I-Tank insulated bowls, 5 litres each, and can dispense up to 5 products: soft ice-cream, frozen yogurt, chilled coffee cream, sherbet or slush.

GT TOUCH 2 is easy to use, you can select between 5 products to dispense, or thanks to its exclusive interactive software you can set the desired temperature and auger speed.

GT TOUCH provides maximum flexibility, allowing to deliver the most appropriate product according to the time of the day, to the customer type and to the season.

The software is available in English and Italian language, but it is possible request for other languages.

The GT TOUCH 2 is equipped with n. 2 I-Tank™ insulated tank, with a capacity of 5 litres, which reduces the impact of the external temperature on the product, improving the cooling efficiency of the equipment, and saving energy and money.

Tanks work independently and each one has its own touch screen control panel.

GT TOUCH is suitable for merchandising actions: it is possible to customize the graphics on the frontal panel, lid and on the back (subject to negotiation).

GT TOUCH comes in black or white plastics with stainless steel finishing.

GT TOUCH guarantees high overrun which means a high return on investment.
