Ref563122 (IPRO3ML)

I-PRO 3M with lighted panel, (3) 2.9 gallon insulated bowls, Mechanical control and timer, black finish, refrigerant R290

General Features

I-PRO 3 MECHANICAL with lighted panel is a versatile slush machine with (3) 2.9 gallon (11L) I-Tank insulated bowls, mechanical control and LED-light front panel. Refrigerant R290.

Every feature has been developed to create a professional, reliable and high-quality slush machine equipment thanks to the numerous patents and innovations. This equipment has the I-Tank insulated tank as standard. The shape of the tanks, which work independently, guarantees a natural mixing effect for an optimal consistency of the product. The look of this equipment is modern and eye-catching, thanks to the LED-light system that illuminates the product and attracts customers. The equipment can dispense: slushies, granitas, milkshakes and other frozen drinks. I-PRO is an ideal slush machine for bars, amusement parks, fast food chains, kiosks, restaurants, water parks and much more.
