600582 (DBP5545A)

Portable mixer, variable speed up to 10000 rpm, with stainless steel tube 453 mm, 550W - Australia

Short Form Specification

Item No. _____

Handheld mixer with stainless steel tube and space saving storing wall support. To be used directly in stew pots, even during cooking. Bayonet system ensures easy removal of accessories. Parts in contact with food - tube, blade, shaft - completely dismountable without tools for easy cleaning. Bell knife design ensures antisplash system and minimum handling during working operations. Flat motor base with ergonomic handle for a convenient grip. Electronic speed variator with speed regulation regardless of the load. Electronic speed adjustment by pulse on + and - buttons. Maximum speed: 10000 rpm. Safety feature requires both hands to start the machine. Design for heavy duty usage: double fan system to cool down the motor. Visible and water proof (IP55) control panel to control speed levels and overload warning light. Shaft locking device avoids release during operation. Whisk accessory available as an option.

APPROVAL: _____
