Short Form Specification

Item No. _____

3 in 1 machine: cutter, emulsifier and slicer to slice, grate, liquidise, mix and mince in a matter of seconds. Easily change from vegetable slicer to food processor without any tool. All parts in contact with food are removable, dismountable and dishwasher safe. Incl. system to change the motor base orientation (20°) to facilitate loading and unloading operations with the vegetable slicer attachment. Vegetable slicer attachment: Universal vegetable slicer offering about 80 different types of cuts. Long vegetable hopper (55,5mm diameter) integrated in the wide 3/4 moon stainless steel round hopper (215cm²). User-friendly stainless steel lever (better pressure control, with less effort for arms and shoulder), designed for right and left handed users. High discharge zone (up to 20cm) for GN containers. Automatic start/stop function will stop the machine when the lever hopper is lifted and will restart automatically when lowered. Cutter-mixer: Stainless steel 4,5 litre bowl with unique design for mixing both large or small quantities. Unique high chimney increases the real capacity of the bowl (use up to 75% of nominal capacity). Transparent lid to check consistency of food and to eventually add ingredients without having to open the lid. Hinged cover, when lifted, remains open to permit a fast and easy check of preparation. Ergonomic and easily dismountable scraper, in heavy duty composite material, for better homogenization. Micro toothed blades in 420 AISI stainless steel. Multiple safety devices ensure the machine will only operate when the cover is properly closed and all parts are correctly
