Half module gas PowerGrill
top - HP

Short Form Specification

Item No. _____

To be installed on open base installations, bridging supports or cantilever systems. High efficiency 7 kW stainless steel gas burners with flame failure device, optimized combustion and protected pilot light. Suitable for natural gas or LPG. Cooking surface grids in cast iron, easily removable for cleaning. Cast iron grids can be rotated for the grilling of fish or meats. Exterior panels in stainless steel with Scotch Brite finish. One piece pressed work top in 1.5 mm thick stainless steel. Right-angled side edges to allow flush-fitting junction between units.

Main Features

- Unit to be mounted on open base cupboards, bridging supports or cantilever systems.
- Stainless steel burners with flame failure device, optimized combustion and protected pilot light.
- AISI 441 stainless steel deflective shields located below the radiants prevent burners from clogging, minimize flare ups and ensure even heat distribution (PATENT US9591947B2 and related family).
- Dishwasher-safe radiants removable without the use of tools to facilitate cleaning.
- Extractable full-depth grease collection drawer to accumulate excess grease and oil.
- Stainless steel high splash guards on the rear and sides of cooking surface. Splash guards can be easily removed for cleaning and are dishwasher-safe.
- Cooking grids made in highly resistant enameled cast iron for easy cleaning.
- Suitable for countertop installation.

Construction

- All exterior panels in Stainless Steel with Scotch Brite finishing.
- One piece pressed 1.5 mm work top in Stainless steel.
- Model has right-angled side edges to allow flush fitting joints between units, eliminating gaps and possible dirt traps.
- IPx4 water protection.
