FROFESSIONAL

Modular Cooking Range Line 900XP Gas Cylindrical Boiling Pan 150lt direct heat

391107 (E9BSGHDRF0)

150-lt gas boiling pan, direct heating

Short Form Specification

Item No.

Suitable for natural gas or LPG. To be installed on cantilever systems but also incorporates fixing points for bridging. Robust burners in stainless steel with flame failure device and protected pilot light. Exterior panels of unit in stainless steel with Scotch Brite finish. Pressed well with rounded edges manufactured from AISI 316 stainless steel. Rightangled side edges to allow flush-fitting junction between units.

Main Features

- Round kettle is suitable to cook, sauté or poach all kinds of produce.
- Produce is uniformly heated in the base and side walls of the kettle by a direct heating system.
- Appliance is IPX5 water resistance certified.
- Energy regulation through a control knob.
- No overshooting of cooking temperatures, fast reaction.
- Large capacity food tap enables safe and effortless discharging of contents.
- Ergonomic: the depth of the vessel facilitates stirring the food, also the most delicate food.
- Discharge tube and tap are very easy to clean from outside.
- Solenoid valve to refill with hot and cold water.
- Smooth large surfaces, easy access for cleaning.
- The special design of the control knob system guarantees against water infiltration.

Construction

- Pressed cooking vessel and double jacket in 316 AISI Stainless steel.
- Robust burners in stainless steel with flame failure device, protected pilot light and optimized combustion.
- All exterior panels in Stainless Steel with Scotch Brite finishing.
- Model has right-angled side edges to allow flush fitting joints between units, eliminating gaps and possible dirt traps.

Sustainability

• Firmly fitting cover to reduce cooking time and save energy costs.
