* NOT TRANSLATED *

Main Features

- Compact counter machine, dispensing smooth soft ice-cream, cold cream, sorbet and frozen yogurt; it can be used also for slush.
- Works with water or milk/based dried products or with brik mixtures ready to be poured into the bowl.
- The ITANK™ Technology prevents ice accumulation on the outer side of the bowl, reducing condensation and increasing the cooling power of the machine.
- LED-based electronic keypad.
- Safety stop system.
- USB customizable software.
- The insulated tank guarantees higher cooling efficiency and lower effect of the external temperature on product's preparation and maintenance time reducing condense and draining; it is the best solution in hot climate conditions.
- Easy to use thanks to the adjustable push button control panel: when pressing it the rotation speeds raises and the product is pushed out easily.
