Modular Cooking Range Line 700XP Full Module Gas PowerGrill Top

ITEM #		
MODEL #		
NAME #		
SIS #	 	
AIA #		

## Main Features • Unit to be mounted on open base cupboards, bridging supports or cantilever systems. Stainless steel burners with flame failure device, optimized combustion and protected pilot light. • AISI 441 stainless steel deflective shields located below the radiants prevent burners from clogging, minimize flare ups and ensure even heat distribution (PATENT PENDING). • Dishwasher-safe radiants removable without the use of tools to facilitate cleaning. • Stainless steel high splash guards on the rear and sides of cooking surface. Splash guards can be easily removed for cleaning and are dishwasher-safe. • Cooking grids made in highly resistant enameled cast iron for easy cleaning. Suitable for countertop installation. Construction • All exterior panels in Stainless Steel with Scotch Brite finishing. • One piece pressed 1.5 mm work top in Stainless steel. 371043 (E7GRGHGC0P) \* NOT TRANSLATED \* • Model has right-angled side edges to allow flush fitting joints between units, eliminating gaps and possible dirt traps. IPX4 water resistance certification.
