Modular Cooking Range Line 900XP 2 Drawer Ref-freezer Base (R290)

ITEM # _____

MODEL # _____

NAME # _____

SIS # _____

AIA # _____

729631 (E9BAPL00MP)

* NOT TRANSLATED *

Main Features

- Exclusive IcyHot installation: combine the gas PowerGrill HP top or the gas Fry Top HP 1200 mm with the dual temperature refrigerated/freezer base HP and obtain a single appliance which simultaneously increases productivity and facilitates cooking and storage operations.
- Two Drawer Refrigerated/Freezer Base with built-in compressor unit.
- Unit able to operate both as refrigerator or as freezer, with temperature range from -22°C to +8°C.
- Suitable for use in ambient temperatures of up to 40 °C.
- Designed for modular installation into the cooking block.
- All major components may be easily accessed from the front.
- Each drawer to accommodate one GN 2/1 container max 150 mm high.
- Magnetic snap-in drawer gaskets are removable for cleaning.
- Forced air circulation for rapid cooling and an even temperature distribution.
- Unit may be installed on castors.
- Connectivity ready for real time access to connected appliances from remote and data monitoring (requires optional accessory).
- Perforated top surface and bottom plate allow for a better air circulation.
- Heavy-duty stainless steel tubular drawer handles.

Construction

- Large digital white-digit display with soft touch buttons.
- Supplied with 100 mm height adjustable feet.
- Constructed in Stainless steel with Scotch Brite finish to meet the highest hygiene standards.
- Built-in compressor to suit operating conditions.
- IPX3 protected.

Sustainability

- CFC and HCFC free, highly ecological refrigerant type: R290 (ecological gas in foam: cyclopentane). Hydrocarbon refrigerant
