Pasta Cooker, gas, Pair of 10.5 gallon (40 Lt) tanks, 66lb/hour capacity each, automatic starch removal, automatic low water level controls, 9 position energy controls, 316 stainless steel tanks, stainless steel cabinet & legs, 106,000 BTU

Short Form Specification

Item No.

Pasta Cooker, gas, Pair of 10.5 gallon (40 Lt) tanks, 66lb/ hour capacity each, automatic starch removal, automatic low water level controls, 9 position energy controls, 316 stainless steel tanks, stainless steel cabinet & legs, 106,000 BTU

Main Features

AIA#

- In addition to cooking pasta, the appliance can be used for noodles of every kind, rice, dumplings and vegetables.
- High efficiency 32 kW burners in stainless steel with flame failure device and power settings for each well, located below the well.
- Water basin in 316-L type Stainless steel.
- Water basin is seamlessly welded into the top of the appliance.
- Provided with integrated drip zone on which baskets can be placed for draining purposes.
- Automatic starch removal function during cooking: improved water quality over time.
- Automatic low-water level shut-off: no accidental over-heating.
- Easy-to-use control panel with gas cock and piezo ignition.
- All major compartments located in front of unit for ease of maintenance.
- Continuous water filling regulated through a manual water tap.
- Large drain with manual ball-valve for fast emptying of well.
- Thermocouple device for added safety.
- The special design of the control knob system guarantees against water infiltration.
- One piece pressed 0.07" (2mm) work top in Stainless
- Unit delivered with four 2" (50mm) legs in stainless steel as standard (all round Stainless steel kick plates as option).
- 10.5gal (40lt) water basins.

Construction

- All exterior panels in Stainless Steel with Scotch Brite finishing.
- Model has right-angled side edges to allow flush fitting joints between units, eliminating gaps and possible dirt traps.
- IPX5 water resistance certification.

Included Accessories
