

Ice Cuber 24kg/24h with 6kg bin - Water cooled

ITEM #		
MODEL #		
NAME #		
SIS #		
AIA #		

Main Features

- Compliant to CE requirements for safety.
- Fully automatic in operation.
- Operates over a wide range of temperatures.
- Suitable for gravity drain only.
- Rated output is at an ambient air temperature of 21°C and water supply temperature of 15°C.
- Metal spray arms removable without the use of tools.
- Model available in water-cooled version.
- The ice-making method (spray layering) guarantees crystalline, compact, hygienically pure ice cubes that are resistant to melting.
- Ice cube cone shape with the trunk sides slightly squashed.
- Bin integrated as standard.
- Compact dimensions of the ice cubers make them highly suitable for any location, particularly those where space is at a premium.

Construction

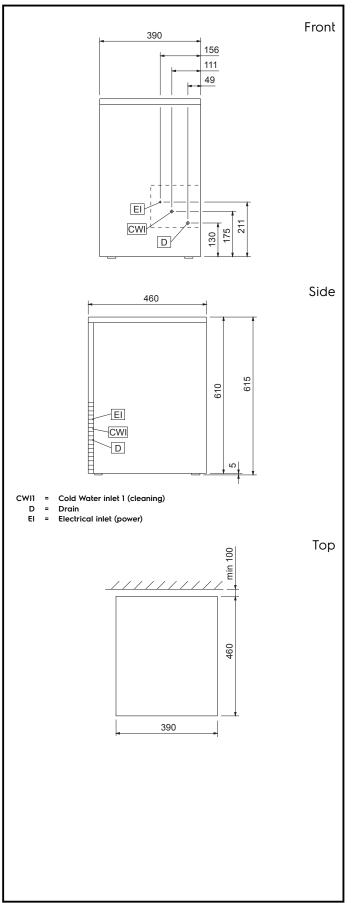

- Plug as standard (schuko type).
- AISI 304 stainless steel exterior.
- Easy access to the main components for maintenance.
- Stainless steel spray arms removable without the use of tools.
- The sprayers are easy to take away, permit a simple flowing and prevent limestone formation.
- 5mm feet.
- Reliability guaranteed by the quality of the construction materials used (plastic flap on the front, top and sides in 304 AISI stainless steel) and the sophisticated product and process technology involved.
- Environmentally friendly: R452a as refrigerant gas.
