Tempered glass top on cupboard (4 GN container capacity) with overshelf with LED lights and one stainless steel tubular tray slider on customer side, H=900mm

Short Form Specification

Item No. _____

Compact design, ideal for space saving environments. Stainless steel tubular tray slider on customer side. Unit mounted on 150 mm high feet. Soft closing doors on operator side. Underneath ambient cupboard with doors. L type AISI 304 overshelf equipped with LED lights designed for extra increased visibility on the surface for charming food display. Sleek, minimalist glass structure, food and dust does not get trapped and easy to clean. Semi closed glass on customer side for self service. Sturdy body construction with laminated panelings on 4 sides. Designed to serve the food in plates, casseroles, pans. Electronic overheating protection. Digital control with temperature display with precise adjustment (0,1°C). Fully compliant HACCP digital controls include visible alarms. Special design etched foil heating elements to maximize heat transmission on the surface for having the same temperature on the whole surface. Ideal for elegant buffet to display warm food, such as pizza, bun, etc. thanks to the extended surface top. It comes with stylish black coloured tempered heated glass with integrated etched foil elements and stainless steel framed. AISI 304 Stainless steel frame with rounded corners to facilitate cleaning operations. Heating elements connected to the bottom include safety thermostat. Food introduced at the correct temperature maintains its core temperature according to Afnor Standards. 900mm worktop height.
