 Heated Plate Dispenser
 Trolley, double cylinder, tray
 slider on one side, plate
 diameter 180-250 mm,
 H=900

Short Form Specification

Item No. _____

Plate lowerator suitable to warm, transport and distribute plates.
 Two cylinders plate lowerator: each cylinder can accommodate
 plates up to 250 mm diameter. Sturdy construction with
 laminated panelings on 4 sides. Tray slider in tubular stainless
 steel is installed on the customer side and it can also be folded
 down to facilitate passage of the units through doorways. Unit
 has 2 shelves to accommodate GN containers (not included) for
 cutlery and bread and one shelf to accommodate glasses.

Main Features

- CB and CE certified by a third party notified body.
- Plate lowerator suitable to warm, transport and distribute plates.
- Sprung cylinders allow plates of different weights to be stacked.
- Two cylinders plate lowerator: each cylinder can accommodate plates up to 250 mm diameter.
- Perfect compact design makes it ideal for space saving environments.
- Tray slider in tubular stainless steel is installed on the customer side and it can also be folded down to facilitate passage of the units through doorways.
- Ideal for servery lines with an operator.

Construction

- Sturdy construction with laminated panelings on 4 sides.
