341178 (D10C3O)

Drop-in Refrigerated Well, static (3 GN container capacity) with one A type overshelf and LED light

### **Short Form Specification**

### Item No.

Hydrocarbon refrigerant gas R290 for the lowest environmental impact (GWP=3) - CFC and HCFC free. Designed to serve the food in gastronorm containers. Suitable for GN 1/1 containers with a maximum height of 200 mm. Well in 304 AISI stainless steel with rounded corners to facilitate cleaning operations. The well is also equipped with a drain hole. Automatic defrosting guarantees evaporators clearance and efficient well cooling. High-density expanded polyurethane foam with cyclopenthane guarantees excellent well insulation to reduce energy dispersion. The bottom is equipped with copper tubes to ensure proper cooling, with this system the air touches the cold surface and gets cooled. Stylish A type overshelf designed for extra increased visibility on the surface for charming food display. Overshelf equipped with LED lights.

### Main Features

- CB and CE certifed by a third party notified body.
- Designed to serve the food in gastronorm containers.
- Suitable for GN 1/1 containers with a maximum height of 200 mm.
- Precise temperature control and setting at 0,1°C.
- As standard the product comes with digitally controlled thermostat which is in line of HACCP norms and provides visual alarm as a warning of the increasing or decreasing temperatures.
- Food introduced at the correct temperature maintains its core temperature according to Afnor Standards.
- Automatic defrosting guarantees evaporators clearance and efficient well cooling.
- Stylish A type overshelf designed for extra increased visibility on the surface for charming food display.
- Overshelf equipped with LED lights.
- Designed to be positioned in flush installation providing improved cleanability and suitable for modern design installations.

#### Construction

- Electronic control with temperature display.
- Well bottom is inclined to facilitate water drainage.
- Well in 304 AISI stainless steel with rounded corners to facilitate cleaning operations. The well is also equipped with a drain hole.
- IPx2 water protection.
- The bottom is equipped with copper tubes to ensure proper cooling, with this system the air touches the cold surface and gets cooled.
- Overshelf in complete AISI 304.

### Sustainability

- Hydrocarbon refrigerant gas R290 for the lowest environmental impact (GWP=3) -CFC and HCFC free.
- High-density expanded polyurethane foam with cyclopenthane guarantees excellent well insulation to reduce energy

#### APPROVAL:

dispersion.
