4-Burner EcoFlame (10 kW each) gas Boiling Top

Short Form Specification

Item No.

To be installed on open base installations, bridging supports or cantilever systems. High efficiency flower flame burners with continuous power regulation and optimized combustion. Flame failure device as standard on burners to protect against accidental extinguishing. EcoFlame pan detection system to save energy and to reduce unnecessary heat radiation in the kitchen. Exterior panels of unit in stainless steel with Scotch Brite finish. Pan supports in heavy duty cast iron. Extra strength work top in heavy duty 2 mm stainless steel. Right-angled side edges to allow flush-fitting junction between units.

Main Features

- Unit to be mounted on open base cupboards, bridging supports or cantilever systems.
- The four 10 kW high efficiency burners are available in 100 mm diameter with continuous power regulation from 2.2 kW to 10 kW.
- Gas appliance supplied for use with natural or LPG gas, conversion jets supplied as standard.
- Large sized pan support in cast iron (stainless steel as option) with long center fins to allow the use of the largest down to the smallest pans.
- Burners with optimized combustion.
- Flame failure device on each burner protects against gas leakage when accidental extinguishing of the flame occurs.
- Protected pilot light.
- The special design of the control knob system guarantees against water infiltration.
- IPX5 water protection.
- Suitable for countertop installation.
- Control knobs provide smooth, continuous rotation from min to max power level.

Construction

- AISI 304 stainless steel worktop, 2mm thick.
- Unit is 930 mm deep to give a larger working surface area.
- All exterior panels in Stainless Steel with Scotch Brite finishing.
- Model has right-angled side edges to allow flush fitting joints between units, eliminating gaps and possible dirt traps.

Sustainability

 Model is supplied with EcoFlame pan detection system, which reduces energy consumption - up to 20%* in gas savings - and unnecessary heat dispersion in the kitchen. (* based on internal tests performed by professional chefs in comparison vs corrispondent model without EcoFlame).

Optional Accessories

Junction sealing kit	PNC 206086 🗖
 Draught diverter, 150 mm diameter 	PNC 206132 🗖
 Matching ring for flue condenser, 150 mm diameter 	PNC 206133 □
 Support for bridge type installation, 800mm 	PNC 206137 □
 Support for bridge type installation, 1000mm 	PNC 206138 □
 Support for bridge type installation, 1200mm 	PNC 206139 🗖
