

Warewashing Undercounter WSC, single skin, drain pump, detergent & rinse aid dispensers, 720d/h

|  | <ul> <li>Main Features</li> <li>Incorporated Soft Start feature to offer additional protection to more delicate items.</li> <li>Washing system endowed with rotating washing arms, high powered wash pump and large capacity boiler for professional washing.</li> <li>4 second (variable) pause after washing and before rinsing ensures that no drops of unclean water will fall on the clean items at the end of the rinsing cycle.</li> <li>Fully automatic self-cleaning cycle avoids the risk of bacteria proliferation.</li> <li>Simple control panel with digital display allows onsite personalization of washing and rinsing cycle imes and temperatures as well as precise rinse aid and detergent quantities to suit customer's needs.</li> <li>Simple service from the front.</li> </ul>   |
|--|---|
| <b>400259 (ELA3GTL)</b><br>Undercounter Dishwasher<br>with WASH-SAFE CONTROL,<br>single skin, built-in drain<br>pump, detergent and rinse<br>aid dispensers, 3 phase,<br>720d/h - Thermal label<br>compliant   | <ul> <li>IPx4 water protection.</li> <li>An effective rinse system uses only 3 liters of clean hot water per basket for lower running costs.</li> <li>Digital read-out keeps operator informed as to temperatures.</li> <li>State-of-the-art electronic controls with built-in programming, self-diagnostics for serviceability and automatic interior self-cleaning cycle.</li> <li>Unique temperature interlock guarantees required temperatures in both the wash and final rinse in case of emergency cold water feeding.</li> <li>Constant temperature of 84 °C thoughout the rinsing cycle regardless of the network's water pressure and temperature.</li> </ul>  |
| Short Form Specification   | • Green light of "WASH SAFE CONTROL" confirms that items have been rinsed properly.   |
| <b>Item No.</b><br>Unit shall be Electrolux Professional undercounter type hot water<br>rinsing dishmachine which is designed in compliance with thermal<br>label test. Electrical characteristics to be 400 volts three phase 50Hz<br>operation, convertible to single phase on-site. Washing performance<br>is ensure by a powerful wash pump, large capacity wash tank, upper<br>and lower revolving spray arms. Soft start wash pump to avoid<br>accidental breakage of crystal wares. Constant rinse temperature and<br>pressure guaranteed by built-in atmospheric boiler and rinse booster<br>pump. Unit to feature "Wash-Safe Control" led light. Green light will<br>indicate that all washed items have been properly rinsed. Uses 3 liters<br>of clean water per final rinse. Three automatic cycles for different types<br>of wares. Double skin insulated door. 304 AISI stainless steel<br>construction to include door, external panels, frame, wash tank and<br>tank filters. The unit shall include drain pump, detergent and rinse aid<br>dispenser pumps and is equipped with electric cable. | <ul> <li>High efficiency air gap (class A) in water inlet circuit to avoid water being siphoned back into the network as a result of a sudden drop in main pressures.</li> <li>Three phase or single phase electrical connection, convertible on-site.</li> <li>Built-in atmospheric boiler sized to raise incoming water to 84 °C minimum for sanitizing rinse. No external booster is required.</li> <li>Built-in rinse aid and detergent dispenser with automatic initial and continuous cycle loading for perfect result while minimizing service and maintenance needs.</li> <li>Washing capacity of 40 baskets or 720 dishes per hour.</li> <li>The unit is designed in compliance with Marriott's Food Safety Operational Standards, NSF ANSI standard, thermal label test, DIN 10512.</li> <li>90/180/120 seconds cycle. The short cycle is for light soiled items as glasses, the medium cycle is for normal soiled items as dishes.</li> <li>An effective rinse system uses 3 liters (short cycle) or 3.5 liters (medium cycle) or 4 liters (long cycle) of clean hot water per basket for low running costs and Marriott's Food Safety Operational Sandards, DIN 10512 compliant.</li> </ul> |

#### Warewashing Undercounter WSC, single skin, drain pump, detergent & rinse aid dispensers, 720d/h

### Construction

- Unit to feature smooth surfaces to facilitate cleaning.
- 304 stainless steel boiler with higher welding protection to increase resistance to corrosion.
- PVC water supply hose with metal connections resistant to high water pressure.
- Completely closed on the back by a cover plate.
- Element protection from dry fire and low water.
- Interchangeable wash/rinse arms screw out for simple clean up.
- The boiler drain facilitates the evacuation of stagnant water after long periods of inactivity to ensure a higher level of hygiene.
- Double skin insulated door to reduce heat dispersion.
- Large wash tank with round corners and no pipes to avoid dirt built-up.
- Incorporated drain pump to control water level in wash tank draining.
- Large tank filter collects the soil to keep the wash water clean for a longer time and have better washing performance.
- Front panel door, wash tank and tank filters made in heavy duty anti-corrosive AISI 304 stainless steel.

### Sustainability

- Pre-arrangement for HACCP system implementation and Energy Management device.
- Unit to feature drain pump, rinse aid and detergent dispenser pumps.

#### **Included Accessories**

| <ul> <li>1 of Stainless steel tank filter for<br/>single skin undercounter</li> </ul> | PNC 864222 |
|---|------------|
| <ul> <li>1 of Yellow cutlery container</li> </ul>                                     | PNC 864242 |
| <ul> <li>1 of Basket for 18 dinner plates -<br/>yellow</li> </ul>                     | PNC 867002 |

| Optional Accessories   |            |  |
|--|------------|--|
| 12lt external manual water softener  | PNC 860412 |  |
| • 8lt external automatic water softener  | PNC 860413 |  |
