402229 (ESDICGTL)

Glasswasher (small), with insulated double skin, electronic control, cold rinse, built-in drain pump, detergent and rinse aid dispensers, 30b/h, 230V/ 1N/ 50Hz - Thermal label compliant

Short Form Specification

Item No. _____

Unit shall be Electrolux Professional green&clean Glasswasher type hot water rinsing using rack dimension of 400*400mm which is designed in compliance with thermal label test. Electrical characteristics to be 230 volts single phase 50Hz operation. Washing performance is ensured by a powerful wash pump, revolving washing spray arms both from bottom and top. Rinse temperature and pressure guaranteed by built in pressure boiler. Three automatic cycles of 120/300/120 seconds suitable for glasses and small plates/ saucer. Third cycle having cold rinse after hot rinse phase provides hygiene glasses and cold enough to handle. Double skin counter-balance door. Large door opening of 290mm for washing tall glasses. Insulated double skin cabinet. Pressed tank with round corners. 304 stainless steel construction to include door, frame, wash tank, tank filter, wash arms and rinse arms. Electronic control with temperature display. The unit shall include drain pump, detergent and rinse aid dispenser pumps and is equipped with electric cable and Schuko plug.

Main Features

- Low noise level.
- Built-in pressure boiler designed to raise incoming water to a guaranteed minimum temperature of 82° C for sanitizing rinse. No external boiler is required.
- Maximum capacity of 30 racks per hour.
- Equipped with single phase electrical cable and Schuko plug for easy and fast installation.
- Washing system endowed with rotating washing arms from both top and bottom, high powered wash pump and large capacity wash tank guarantee professional washing.
- Easy service access to main components without moving the unit.
- Optional rinse booster pump available to be installed on site.
- Incorporated Soft Start feature to offer additional protection to more delicate items.
- Extra program to cold rinse beer and wine glasses providing sanitized glasses, cool enough to handle.
- New electronic control panel for easy setup of the working parameters and self diagnosis.
- Built-in rinse aid and detergent dispenser with automatic initial and continuous cycle loading for perfect result while minimizing service and maintenance needs.
- Equipped with drain pump for easy and quick installation without opening the machine.
- An effective rinse system uses 2.3liters (1° cycle for glasses) or 4.0 liters (2° cycle for small plates and saucers) or 3 liters (3° cycle for mixed items) of clean hot water per basket for low running costs and Marriott's Food Safety Operation Standards, NSF ANSI standard, thermal label test, DIN 10511 compliant.
- 120/300/120 seconds cycle. The first cycle is for glasses, the second cycle is for small plates and saucers while the third cycle includes extra cold rinse after the hot rinse.
- The unit is designed in compliance with Marriott's Food Safety Operational Standards, NSF ANSI standard, thermal label test, DIN 10511.

Construction

- Completely closed on the back by a cover plate.
- Wash/rinse arms and nozzles in stainless steel.
- Finished in top quality stainless steel with double skinned construction to aid durability and reduce noise.
- Internal components (arms and filter) are easy extractable.
- Large tank filter collects the soil to keep the wash water clean for a longer time and have better washing performance.
- Deep drawn pressed wash tank with fully rounded corners, sloped towards the drain to prevent dirt buildup, provides fast drainage in just a few minutes. With no welding points the pressed tank offers a guaranteed water tight solution.
- 304 AISI stainless steel front panel, load bearing

APPROVAL: _____

frame, wash tank, tank filter, wash and rinse arms.

- Unit to feature rinse aid and detergent dispenser pumps.

Sustainability

- Insulated double skin door construction preserves heat inside the tank to lower energy consumption and the noise. Counter-balance mechanism minimizes impact when opening and closing.

Included Accessories

- 1 of Stainless steel tank filter PNC 864003
- 1 of Square basket for glasses 400x400x150mm PNC 864470

Optional Accessories

- Filter for partial demineralization PNC 864017
- Kit to measure total and partial water hardness PNC 864050
- Rinse booster pump kit for single tank pressure dishwasher PNC 864051
- Yellow cutlery container PNC 864242
- Filter for total demineralization PNC 864367
- Pressure reducer for single tank dishwasher PNC 864461
- Kit 4 plastic boxes for cutlery - yellow PNC 865574
- Cover rack for small and light items (500x500 baskets) PNC 867016
- Basket for glasses (395x395x115) PNC 867033
- Insert for 12 saucers, 290X90x75mm PNC 867048
- Basket for 16 plates diam.190 mm, 8 plates diam. 240 mm PNC 867052
- Basket for glasses (h 100 mm) PNC 867053
- Basket for glasses (h 200 mm) PNC 867054
- Basket for glasses and saucers/ cutlery inserts PNC 867055
- Basket for glasses with angled base PNC 867056
- Round basket kit with square frame PNC 867057
- Insert for "flute" glasses PNC 867058
- Insert for 14 saucers PNC 867060
- Inclined insert for cups PNC 867061
- Insert for 7 plates d. 240mm PNC 867062
