Glasswasher (small), with single skin and rinse aid dispenser, 1 cycle, 30b/h

Short Form Specification

Item No.

Unit shall be Glasswasher type hot water rinsing using rack dimension of 400*400mm. Electrical characteristics to be 230 volts single phase 50Hz operation with one wash cycle of 120 seconds. Washing performance is ensured by a powerful wash pump and revolving washing spray arm on bottom. Upper rinsing and lower integrated washing & rinsing arms in composite material. Rinse temperature and pressure guaranteed by built in pressure boiler. Double skinned counter-balance door. Large door opening of 290mm for washing tall glasses. Single skinned cabinet. Welded washing tank with round corners. 304 stainless steel construction to include door & frame. The unit shall include rinse aid dispenser pump is equipped with electric cable with Schuko plug.

Main Features

- Built-in rinse aid dispenser with automatic initial and continuous cycle loading for perfect result while minimizing service and maintenance needs.
- 120 seconds cycle.
- Built-in pressure boiler designed to raise incoming water to a guaranteed minimum temperature of 82° C for sanitizing rinse. No external boiler is required.
- Maximum capacity of 30 racks per hour.
- Equipped with single phase electrical cable and Schuko plug for easy and fast installation.
- Easy service access to main components without moving the unit.
- Washing system endowed with rotating washing arms, high powered wash pump and large capacity wash tank for professional washing.
- Welded wash tank, sloped towards the drain, provides fast drainage in only a few minutes and gurantee a water tight solution.

Construction

- Completely closed on the back by a cover plate.
- Unit to feature rinse aid dispenser pump.
- Internal components (arms and filter) are easy extractable.
- Robust structure thanks to stainless steel construction.

Sustainability

- Simple operation control panel.
- Insulated double skin door construction preserves heat inside the tank to lower energy consumption and the noise. Counter-balance mechanism minimizes impact when opening and closing.
- Finished in top quality materials to ensure durability.
