602524 (AURA2DO)

Traditional espresso machine, 2 Maestro groups, 10,1 liter boiler, 2 independent control boxes with 4 programmable dosing program with Dosamat ® self recognition of portafilter

Short Form Specification

Item No.

The professional semi-automatic AURA line owns all the technical features of a high-end traditional espresso machine, offering the perfect harmony of aesthetics and performance. With its modern design of stainless steel and chrome, the AURA displays an assertive silhouette underlined with LED lighting of the tray grill and around the electronic control boxes with touchscreen interface for an intuitive programming. AURA is dedicated to users familiar with volumetric commands that address high performance and consistency in the extraction process. The MAESTRO thermo-regulated brew groups are fitted with the EASYLOCK system that help locking and sealing the portafilter with minimal effort. The AURA line offers a set of advanced technologies that warrant an outstanding coffee extraction quality and a strong hot water/steam power.

APPROVAL:

Main Features

- Programmable water and steam.
- Automatic cleaning cycle.
- The professional semi-automatic AURA line owns all the technical features of a high-end traditional espresso machine, offering the perfect harmony of aesthetics and performance.
- Modern design of stainless steel and chrome, the AURA displays an assertive silhouette underlined with LED lighting of the tray grill and around the electronic control boxes with touchscreen interface for an intuitive programming.
- Manual Steamglide lever.
- AURA is dedicated to users familiar with volumetric commands that address high performance and consistency in the extraction process.
- The MAESTRO thermo-regulated brew groups are fitted with the EASYLOCK system that help locking and sealing the portafilter with minimal effort.
- 2 Maestro groups.
- 2 independent control boxes with 4 programmable dosing selection with Dosamat ® self recognition of portafilter, start/stop, shot time display.
- Electronic pre infusion.
- Double paneled cup warmer with large capacity.
- USB interface for update.

Construction

- Stainless steel body.
- PID (proportional–integral–derivative) Temperature control: a precise controller algorithm system that gives consistency and accuracy to brewing temperature management system.
- 10.1 liter boiler.
- Easylock portafilter.
- RS-232 protocol for computer/cashier interface.

Included Accessories

- 1 of Aura filter holder for one cup PNC 871008
- 2 of Aura filter holder for two cups   PNC 871009

Optional Accessories

- Doser Coffee Grinder, flat, 65mm PNC 602543 ❑
- Doser Coffee Grinder, flat, 75mm PNC 602544 ❑
- Grind-on-demand Coffee Grinder, flat, 75mm   PNC 602546 ❑
- Aura filter holder for one cup   PNC 871008 ❑
- Aura filter holder for two cups   PNC 871009 ❑
