Full module electric Grill Top HP (high performance). Heating via incoloy armoured heating elements positioned under removable cooking grid, integrated water tap, fixed well with drain, heat boost deflectros, WRAS

Short Form Specification

Item No.

Heating via incoloy armored heating elements positioned under the cooking grid. Cooking surface grids are easily removable for cleaning. Heating elements can be tilted. Integrated water tap. Fixed well with drain. Extra strength work top in heavy duty 2 mm stainless steel. Right-angled side edges to allow flush-fitting junction between units. WRAS compliant. 230 V version.

APPROVAL:

Main Features

- Heating elements tilt 90° for easy cleaning.
- Removable 2mm thick steel U-shaped grids in AISI 441 stainless steel for fast heating of cooking surface.
- Led warning indicator to give an alarm when well is empty.
- Top configuration allows installation on ambient base.
- Incoloy armoured heating elements positioned under the cooking grid.
- Each bank of elements has an independent power regulation through a control knob.
- Power indicator light.
- Fixed well with drain to collect residual cooking juices and grease.
- Large drain protected by overflow and filter.
- Water must be added to well before operation.
- Water filling tap with knob control.
- Removable stainless steel deflectors to recuperate heat and reduce cooking time.
- Stainless steel splash guards on sides of cooking surface. Splash guards can be easily removed for cleaning.
- Top configuration can be installed on refrigerated / freezer base with limited layout options.
- Suitable for countertop installation.

Construction

- Model has right-angled side edges to allow flush fitting joints between units, eliminating gaps and possible dirt traps.
- All exterior panels in Stainless Steel with Scotch Brite finishing.
- One piece pressed 1.5 mm work top in Stainless steel.
- Unit is 730mm deep to give a larger working surface area

Included Accessories

- 1 of Scraper for HP electric grill   PNC 206436
