

**Digital Undercounter** ecostore HP Premium Refrigerated Counter - 440lt, 3-Door

	1
	Main Features
	<ul> <li>Preservation performances and temper uniformity within the cell guaranteed at 5-H DUTY (40°C) working conditions accordin EN16825:2016 test protocol.</li> </ul>
	<ul> <li>Adjustable temperature range from -2 °C to to suit meat, fish and dairy storage requirement</li> </ul>
	<ul> <li>Large digital white-digit display with hur selection button (3 preset level), in temperature display and setting, manual activ of defrost cycle and turbo frost cycle (to re cool warm loads).</li> </ul>
	<ul> <li>Equipped with Optiflow forced air circu system for rapid cooling and temper distribution within the cell.</li> </ul>
	• Omm clearance installation space: configuration cooling unit guarantee perform with frontal ventilation only; this unique so allows installation against the wall or side by with other appliances, even on the cooling un to maximize the use of kitchen space.
	• Combination of doors and drawers to sui configuration needed, with the possibility to ch the configuration on site. Right cooling available on request.
	Fully removable cooling unit to fact maintenance.
710028 (EH3HBAAA) 3-door Refrigerated Counter 440lt, -2+10°C, AISI 304	• Frontal and easy access to all components cooling unit.
440it, -2*i0 C, A15i 304	Fully compliant HACCP digital control: temperature exceeds critical limits, acoustic visual alarms are activated. Up to two mont
Short Form Specification	<ul><li>event are kept in memory.</li><li>Anti-tilt runners accept GN 1/1 containers.</li></ul>
	• Self closing stainless steel doors (< 90°).
Item No.	Certified safety CE requirements.
AISI 304 stainless steel panels, AISI 430 bottom panel, galvanized back panel. Worktop thickness 50mm. N. 3 full doors.	Prearranged to fit RS485 port to fac connection to a remote computer and integ HACCP systems.
Built-in refrigeration unit. Operating temperature: -2+10°C. R290	Hot gas automatic evaporation of defrost was
gas in refrigeration circuit. Supplied with 1 grid for each door compartment	<ul> <li>Connectivity ready for real time access connected appliances from remote and monitoring (requires optional accessory).</li> </ul>
	<ul> <li>Large digital white-digit display with contemperature display and setting, and possible select the desired levels of humidity. Blue technology included allows to keep HA historical data and download them throug app.</li> </ul>
	<ul> <li>Electrolux Professional Fridge Control APP mail life easier for our customers:</li> </ul>
	<ul> <li>Monitor safety of preservation process that HACCP data &amp; alarms for precise control</li> <li>Save time and easy data management h the possibility to send the HACCP informat excel format directly to e-mail address</li> <li>Quick operations: set the cabinet temperation</li> <li>humidity/turbocooling and set date/hour</li> </ul>
	• Tropicalized unit.

#### PROVAL

# Digital Undercounter ecostore HP Premium Refrigerated Counter - 440lt, 3-Door

### Construction

- 3 compartments with 3 doors.
- Worktop in AISI 304 Stainless steel with a 50 mm profile.
- If needed, working top can be removed for easier handling during installation (in case of narrow doors).
- Anti-drip profile on stainless steel worktop edge.
- Interior base with rounded corners, pressed from a single sheet.
- Ease of cleaning and high hygiene standards thanks to the rounded internal corners, the easily removable runners, grids and air conveyors.
- Internal structure with 15 charging positions (3 cm pitch) available to host GN 1/1 grids, ensuring higher net capacity and a greater storage space.
- Internal and external doors, front and side panels and removable worktop in AISI 304 Stainless steel.
- Mounted on stainless steel feet to give 150 mm (-5/+50 mm) clearance for ease of cleaning the floor.
- External bottom panel in stainless steel.
- External back panel in galvanized steel.
- Built-in refrigeration unit.
- Developed and produced in ISO 9001 and ISO 14001 certified factory.
- Fault code display.

# Sustainability

- Top energy efficiency (class A) and granted uniformity even at extreme working conditions (class 5; 40°C and 40% humidity): unbeatable performance, certified by energy test protocol EN16825:2016.
- Removable triple-chamber balloon magnetic gasket to improve insulation and reduce energy consumption and ease of cleaning.
- Fitted with 90 mm thickness of cyclopentane insulation for best insulating performance (thermal conductivity: 0,020 W/m\*K) and lowest environmental impact (GWP=3).
- Frost Watch Control starts automatically the defrosting process only when needed and ends once ice is melted, improving energy efficiency results.
- Hydrocarbon refrigerant gas R290 for the lowest environmental impact (GWP=3) CFC and HCFC free.
- CFC and HCFC free, highly ecological refrigerant type: R290 (ecological gas in foam: cyclopentane). Hydrocarbon refrigerant gas R290 for the lowest environmental impact (GWP=3), to reduce green house and ozone depletion effects.

#### **Included Accessories**

• 3 of Kit 1/1 grey rilsan grid and 2 side PNC 881109 runners for refrigerated counters

#### **Optional Accessories**

- 2x<sup>1</sup>/<sub>2</sub> drawer kit for refrigerated counters PNC 881058
- 3x1/3 drawer kit for refrigerated PNC 881059
  1/3 and 2/3 bottle drawer kit for PNC 881071
- refrigerated counters
  1/1GN grey rilsan grid for refrigerated PNC 881107 counters
- 2 side runners for 1/1 GN ecostore PNC 881108
   refrigerated counters
- Kit 1/1 grey rilsan grid and 2 side PNC 881109
   runners for refrigerated counters
- 1/1 GN plastic container, H=65 mm PNC 881110 🛛
- 1/1 GN plastic container, H=100 mm PNC 881111
- 1/1 GN plastic container, H=150 mm PNC 881112 🛛
- Kit 4 wheels, H=100 mm (2 with brakes) PNC 881191
   for refrigerated counters
- Kit 4 wheels, H=150 mm (2 with brakes) PNC 881193
   for 2&3 compartment refrigerated counters
- Lock for refrigerator/freezer counters PNC 881243
   with 3 compartments h700mm (can be used in kit for Marine conversion)

#### **EU energy labelling from 1st July 2016** The European energy labelling scheme for professional

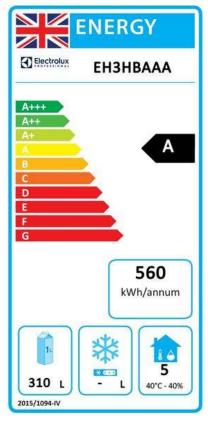

The European energy labelling scheme for professional refrigerators and freezers is based on requirements setting Minimum Energy Performance standards for commercial refrigeration cabinets sold within the EU. These requirements are designed to drive energy efficiency and environmentally friendly approach for professionals. The European energy labelling scheme will apply to all manufacturers and importers who sell and market products within the EU and it is mandatory across Europe. Important: all products which consume energy above the minimum level will not be able to be sold within the EU from 1 July 2016.

#### SI 2020 No. 1528.

Important: all products which consume energy above the minimum level will not be able to be sold within the EU from 1 July 2016.
