

Ice Makers

Ice Cuber (22gr), 112kg/24h, 60kg bin, air-cooled

ITEM # _____

MODEL # _____

NAME # _____

SIS # _____

AIA # _____

730305 (ICB112I60SNP)

Ice Maker, Cube (22gr), 112 kg/24h, self-contained, 60kg ice collection bin included, air-cooled

Short Form Specification

Item No. _____

Air cooled ice cube maker, self-contained with 60kg bin. Ice cube cone shape. Compact dimension and height adjustable feet. AISI 304 stainless steel exterior, food grade and internal ice container in ABS, aluminium evaporator ensure safe contact with ice. Sturdy door opening system in AISI 204 stainless steel. Fully automatic in operation and easy cleanability thanks to the automatic cleaning system. The ice making method guarantees continuous and reliable production, crystalline and hygienically pure ice cubes. Bin with internal corner for easy cleaning and it is fully insulated. Supplied with flexible water supply, drain hoses and scoop. Hydrocarbon refrigerant gas R290 for the lowest environmental impact.

Main Features

- Easy cleanability guaranteed by an automatic system: the cleaning switch activates the circulation and the rinse of water; at the end of the cycle just switched again to start producing ice.
- The ice making method guarantees a continuous and reliable production.
- The ice-making method (spray layering) guarantees crystalline, compact, hygienically pure ice cubes that are resistant to melting.
- Water consumption and productivity calculated using 15°C water temperature and 21°C ambient temperature.
- Compact dimensions of the ice cubers make them highly suitable for any location, particularly those where space is at a premium.
- Ice cube cone shape.
- Fully automatic in operation.
- Rounded internal corners of the bin assure ease of cleaning.
- Food grade ABS interior.
- Suitable for gravity drain only.
- Bin included.
- Compliant to CE requirements for safety.
- The innovative anti-scale spray system with flexible nozzles avoids limescale deposits through small vibrations.

APPROVAL: _____

Construction

- Reliability guaranteed by the quality of the construction materials used (front, top and sides in 304 AISI stainless steel) and the sophisticated product and process technology involved.
- The sprayers are easy to take away, permit a simple flowing and prevent limestone formation.
- AISI 304 stainless steel exterior.
- Aluminium evaporator ensures a safe contact with ice.
- Sturdy door opening system made in AISI 304 stainless steel.
- Internal ice containers in ABS.
- Hygienical plastic spray arms removable without the use of tools.
- Supplied with flexible water supply, drain hoses and scoop.
- Easy access to the main components for maintenance.
- ON-OFF rocker switch.
- Adjustable 105-155mm feet.
- Plug as standard (schuko type).

Sustainability

- Hydrocarbon refrigerant gas R290 for the lowest environmental impact (GWP=3) - CFC and HCFC free.
- Reduced energy consumption by fully insulated storage bin.

Optional Accessories

- | | | |
|--|------------|--------------------------|
| • Purity C 150 Quell ST system with flow meter | PNC 0S1628 | ☐ |
| • Purity C 300 Quell ST system with flow meter | PNC 0S1629 | ☐ |
| • Drain pump kit | PNC 880690 | ☐ |

Ice Makers Ice Cuber (22gr), 112kg/24h, 60kg bin, air-cooled

Front

Side

CWI1 = Cold Water inlet 1 (cleaning)
D = Drain
EI = Electrical inlet (power)

Rear side

Top

Electric

Supply voltage: 220-240 V/1N ph/50 Hz
Electrical power, max: 0.82 kW

Capacity:

Bin capacity: 60 kg

Key Information:

External dimensions, Width: 715 mm
External dimensions, Depth: 700 mm
External dimensions, Height: 1149 mm
Net weight: 81 kg
Output: 112 kg/day
Kind of cube: Ice Cube 22 g

Sustainability

Refrigerant type: R290
Refrigerant weight: 140 g
Water consumption: 14.1 lt/hr
