Electrolux PROFESSIONAL

High Productivity Cooking Electric Tilting Boiling Pan, 100lt Hygienic Profile, Freestanding with Stirrer-Marine

587160 (PBOT15RCIO)

Electric tilting Boiling Pan 150lt prearranged for stirrer, GuideYou panel, freestanding - Marine

Short Form Specification

Item No.

AISI 304 stainless steel construction. Deep drawn vessel in AISI 316 stainless steel Insulated and counterbalanced lid Motorized tilting with variable speed control. Pan can be tilted beyond 90° to completely empty the food. Stirring rotation speed 21rpm. Stirrer drive shaft included, stirrer blades to be ordered separately. Food is uniformly heated via the base and the side walls of the pan by an indirect heating system using integrally generated saturated steam at a maximum temperature of 125° C in a jacket with an automatic deaeration system. Safety valve avoids overpressure of the steam in the jacket. Safety thermostat protects against low water level in the double jacket. TOUCH control panel. SOFT function. Possibility to store recipes in single or multiphase cooking process, with different temperature settings. Built in temperature sensors for precise control of cooking process. IPX6 water resistant. Configuration: Freestanding or Standing against a wall. Installation options (not included): floor mounted on 200mm high feet or a plinth which can be either steel or masonry construction.

Main Features

- Kettle is suitable to boil, steam, poach, braise or simmer all kinds of produce.
- Kettle is jacketed up to 159 mm from upper rim.
- Isolated upper well rim avoids risk of harm for the user.
- Ergonomic vessel dimensions, with a large diameter and shallow depth facilitates stirring and gentle food handling.
- Edge of the large pouring lip can be equipped with a strainer (option).
- Motorized, variable pan tilting with "SOFT STOP". Tilting and pouring speeds can be precisely adjusted. Pan can be tilted over 90° to facilitate pouring and cleaning operations.
- Built in temperature sensor to precisely control the cooking process.
- USB connection to easily update the software, upload/download recipes and download HACCP data.
- IPX6 water resistant.
- Max pressure of inner jacket at 1.7 bar; minimum working pressure at 1 bar. Allows temperature control between 50 and 110°C.

Construction

- Cooking vessel in 1.4435 (AISI 316L) stainless steel featuring directional pouring lip. Doublejacket in 1.4404 (AISI 316L) stainless steel designed to operate at a pressure of 1.5 bar.
- External panelling and internal frame made of 1.4301 (AISI 304) stainless steel.
- Double-lined insulated lid in 1.4301 (AISI 304) stainless steel mounted on the cross beam of the unit, counterbalanced by a hinge that remains open in all positions.
- Safety valve avoids overpressure of the steam in the double jacket.
- Safety thermostat protects against low water level in the double jacket.
- Water mixing tap is available as optional accessory to make water filling and pan cleaning easier.
- Ergonomic and user friendly thanks to the high tilting position and the pouring lip design which allow to easily fill containers.
- Front-mounted inclined led "TOUCH" control panel with recessed deep drawn casing, features self-explanatory display functions which guide operator throughout the cooking process: simultaneous display of actual and set temperature as well as set cooking time and remaining cooking time; real time clock; "SOFT" control for gentle heating up for delicate food; 9 power simmering levels from gentle to heavy boiling; timer for deferred

High Productivity Cooking Electric Tilting Boiling Pan, 100lt Hygienic Profile, Freestanding with Stirrer-Marine

start; error display for quick trouble-shooting.

- Minimised presence of narrow gaps for easier cleaning of the sides to meet the highest hygiene standards.
- Can be prearranged for energy optimisation or external surveillance systems (optional).
- Possibility to store recipes in single or multiphase cooking process, with different temperature settings.
- 98% recyclable by weight; packaging material free of toxic substances.
- Stirrer with rotation speed of 21 RPMs.
- GuideYou Panel activated by the user via settings to easily follow the multiphase recipes, granting a proper and controlled cooking and a better appliance optimization.

The system will provide maintenance reminders, in line with ESSENTIA program, helping the user to properly take care of the product, avoiding downtimes.

- Highly-visible and bright led TOUCH control panel features user-friendly icons and intuitive self-explanatory command options. Display visualizes:
 - Actual and set temperature
 - Set and remaining cooking time
 - Pre-heating phase (if activated)
 - GuideYou Panel (if activated)
 - Deferred start
 - Soft Function to reach the target temperature smoothly

- 9 Power Control levels from simmering to fierce boiling

- Pressure mode (in pressure models)
- Stirrer ON/OFF settings (in round boiling models)
- Error codes for quick trouble-shooting
- Maintenance reminders

User Interface & Data Management

• Connectivity ready for real time access to connected appliances from remote and data monitoring (requires optional accessory - contact the Company for more details).

Included Accessories

- I of Rear closing kit for tilting units PNC 912705
 against wall factory fitted
- 1 of Emergency stop button PNC 912784 factory fitted

Optional Accessories

	•		
٠	Strainer for 150lt tilting boiling pans	PNC 910004	
	Measuring rod for 150lt tilting boiling pans	PNC 910045	
	Grid stirrer for 150lt boiling pans	PNC 910064	
	Grid stirrer and scraper for 150lt boiling pans	PNC 910094	
•	FOOD TAP STRAINER - PBOT	PNC 911966	
•	C-board (length 1300mm) for tilting units - factory fitted	PNC 912185	

•	Connecting rail kit for appliances with backsplash, 900mm	PNC	912499	
•	Connecting rail kit, 900mm	PNC	912502	
	Automatic water filling (hot and cold) for tilting units - to be ordered with water mixer - factory filted	PNC	912735	
•	Kit energy optimization and potential free contact - factory fitted	PNC	912737	
•	Mainswitch 60A, 6mm² - factory fitted	PNC	912740	
•	Rear closing kit for tilting units - island type - factory fitted	PNC	912745	
•	Lower rear backpanel for tilting units with or without backsplash - factory fitted	PNC	912769	
•	Spray gun for tilting units - freestanding (height 700mm) - factory fitted	PNC	912776	
•	Food tap 2" for tilting boiling pans (PBOT) - factory fitted	PNC	912779	
•	Mixing tap with drip stop, two knobs, 685mm height, 600mm swivelling depth for PBOT/PFET -	PNC	913556
