- It-in steam generator for highly precise humidity d temperature control according to the chosen tinas
- al humidity control based upon Lambda Sensor automatically recognize quantity and size of d for consistent quality results.
- , hot convection cycle (25 °C 300 °C): ideal for humidity cooking.
- mbination cycle (25 °C 300 °C): combining nvected heat and steam to obtain humidity ntrolled cooking environment, accelerating the oking process and reducing weight loss.
- v temperature Steam cycle (25 °C 99 °C): ideal sous-vide, re-thermalization and delicate okina. am cycle (100 °C): seafood and vegetables.

gh temperature steam (25 °C - 130 °C).

- comatic mode including 9 food families (meat, ultry, fish, vegetables, pasta/rice, eggs, savory d sweet bakery, bread, dessert) with 100+ erent pre-installed variants. Through Automatic nsing Phase the oven optimizes the cooking cess according to size, quantity and type of food ided to achieve the selected cooking result. Real e overview of the cooking parameters. Possibility personalize and save up to 70 variants per family.
- cles+:

egeneration (ideal for banqueting on plate or hermalizing on tray),

ow Temperature Cooking (to minimize weight s and maximize food quality) Patented 7750272B2 and related family,

roving cycle,

EcoDelta cooking, cooking with food probe iintaining preset temperature difference between core of the food and the cooking chamber,

ous-vide cooking,

tatic Combi (to reproduce traditional cooking m static oven),

asteurization of pasta,

Dehydration cycles (ideal for drying fruits, getables, meats, seafood),

Food Safe Control (to automatically monitor fety of cooking process in compliance with ACCP hygienic standards) Patented US6818865B2 d related family, dvanced Food Safe Control (to drive the cooking

h pasteurization factor).

- ograms mode: a maximum of 1000 recipes can stored in the oven's memory, to recreate the act same recipe at any time. The recipes can be oup in 16 different categories to better organize menu. 16-step cooking programs also available.
- pplied with n.1 tray rack 1/1GN, 63 mm pitch.
- MultiTimer function to manage up to 20 different cooking cycles at the same time, improving flexibility and ensuring excellent cooking results. Can be saved up to 200 MultiTimer programs.
- Fan with 7 speed levels from 300 to 1500 RPM and reverse rotation for optimal evenness. Fan stops in less than 5 seconds when door is opened.
- 6-point multi sensor core temperature probe for maximum precision and food safety.

APPROVAL:

- Automatic fast cool down and pre-heat function.
- Different chemical options available: solid (phosphate-free), liquid (requires optional accessory).
- GreaseOut: predisposed for integrated grease drain and collection for safer operation (dedicated base as optional accessory).
- Back-up mode with self-diagnosis is automatically activated if a failure occurs to avoid downtime.
- Capacity: 20 GN 1/1 trays.
- OptiFlow air distribution system to achieve maximum performance in chilling/heating eveness and temperature control thanks to a special design of the chamber.

Construction

- Triple thermo-glazed door with 2 hinged inside panels for easy cleaning and double LED lights line.
- Hygienic internal chamber with all rounded corners for easy cleaning.
- 304 AISI stainless steel construction throughout.
- Front access to control board for easy service.
- Integrated spray gun with automatic retracting system for fast rinsing.
- IPX 5 spray water protection certification for easy cleaning.
- Integrated door shield to avoid steam and heat dispersion from the door, when the roll-in rack is not used.

User Interface & Data Management

- High resolution full touch screen interface (translated in more than 30 languages) - color-blind friendly panel.
- Pictures upload for full customization of cooking cycles.
- Make-it-mine feature to allow full personalization or locking of the user interface.
- SkyHub lets the user group the favorite functions in the homepage for immediate access.
- MyPlanner works as an agenda where the user can plan the daily work and receive personalized alerts for each task.
- With SkyDuo the Oven and the Blast Chiller are connected to each other and communicate in order to guide the user through the cook&chill process optimizing time and efficiency (requires optional accessory).
- USB port to download HACCP data, share cooking programs and configurations. USB port also allows to plugin sous-vide probe (optional accessory).
- Connectivity ready for real time access to connected appliances from remote and HACCP monitoring (requires optional accessory).
- Trainings and guidances supporting materials easily accessible by scanning QR-Code with any mobile device.
- Automatic consumption visualization at the end of the cycle.

Sustainability

- Human centered design with 4-star certification for ergonomics and usability.
- Wing-shaped handle with ergonomic design and hands-free opening with the elbow, making managing trays simpler. Protected by registered design (EM003143551 and related family).
- Reduced powerfunction for customized slow cooking cycles.
- SkyClean: Automatic and built-in self cleaning system with integrated descale of the steam generator. 5 automatic cycles (soft, medium, strong, extra strong, rinse-only) and green functions to save energy, water, detergent and rinse aid. Also programmable with delayed start.
- Plan-n-Save function organizes the cooking sequence of the chosen cycles optimizing the work in the kitchen from a

SkyLine PremiumS Electric Combi Oven 20GN1/1, Green Version

time and energy efficiency point of view.

- Zero Waste provides chefs with useful tips for minimizing food waste.
- Zero Waste is a library of Automatic recipes that aims to:
- -give a second life to raw food close to expiration date (e. g.: from milk to yogurt)
- -obtain genuine and tasty dishes from overripe fruit/ vegetables (usually considered not appropriate for sale)
- -promote the use of typically discarded food items (e.g.: carrot peels).

Included Accessories

• 1 of Trolley with tray rack, 20 GN 1/1, PNC 922753 63mm pitch

Optional Accessories

Connectivity router (WiFi and LAN)
PNC 922435

Recommended Detergents

- C25 Rinse & Descale Tabs, phosphate- PNC 0S2394 free, phosphorous-free, maleic acidfree, 50 tabs bucket
- C22 Cleaning Tabs, phosphate-free, PNC 0S2395 phosphorous-free, 100 bags bucket

Electric

Default power corresponds to factory test conditions. When supply voltage is declared as a range the test is performed at the average value. According to the country, the installed power may vary within the range.

Circuit breaker required	
Supply voltage:	380-415 V/3N ph/50-60 Hz
Electrical power, max:	40.4 kW
Electrical power, default:	37.7 kW

Water:

Inlet water temperature, max:	30 °C
Inlet water pipe size (CWI1, CWI2):	3/4"
Pressure, min-max:	1-6 bar
Chlorides:	<85 ppm
Conductivity:	>50 µS/cm
Drain "D":	50mm

Electrolux Professional recommends the use of treated water, based on testing of specific water conditions. Please refer to user manual for detailed water quality information.
