Short Form Specification

Item No. _____

Constructed in 304 AISI stainless steel. Basin with sloping bottom.

Feeding bars and carriers for baskets. It is driven by the dishwasher.

Square 40x40mm square leg on height-adjustable feet.

Designed for 500x500mm dishwashing baskets.

Knock-down delivery.

Basket feeding direction: left to right and right to left operated.

Main Features

- Designed to transport 500x500 mm dishwashing baskets.
- Conveyors supplied as knockdown and easy to assemble.
- "Key holes" and "snap on" system reduces the number of screws needed for fast and easy installation.
- For multi rinse rack type dishwasher has 300mm splash hood at the entrance, the minimum length of the side loader to be connected with the dishwasher should be 800mm.
- Side loader is driven by the dishwasher.
- Side loader intended for installation between a dishwasher and a roller conveyor or a manual sorting table.
- Racks automatically fed into the dishwasher, when they are forwarded from the conveyor.

Construction

- All surfaces smooth with polished finish.
- AISI 304 1,2mm stainless steel basin.
- 40x40mm stainless steel tubular and square legs.
- Stainless steel feet 50 mm adjustable in height to align the operation height between the dishwasher and table.
- Thick welded flanges for sturdy connection between the units.
- Three legs included.
- Sloping bottom of the table leads the water draining back to the connected dishwasher up to 900mm length (only for 865243, 865451 & 863129). For side loader from 1000mm length, the slope bottom of the table grants a smooth and rapid drainage at the center of the table.

Sustainability

- The table can be used in loading side.
- The side loader is available from 700mm up to 1500mm with 100mm-step length.
