660034 (LV300R)

Tilting Basket Vegetable
Washer Kg 10/40 - 300 liter
well

Short Form Specification

Item No. _____

Made from 304 AISI stainless steel. Double inclined well bottom to allow automatic cleaning. Washing system by water vortex; multiple diffuser for uniform water vortex; automatic water filling. The lifting of the basket at the end of the washing cycle is achieved by a reliable and safe linear motor controlled by double push button with alarm. IP25 water protection.

Well capacity: 300 lt. Load per cycle: 10 kg (light vegetables); 40 kg (heavy vegetables). Cycle duration: 2-3 min.

Main Features

- Double inclined well bottom to allow automatic cleaning of the unit.
- Easy to remove perforated stainless steel filters.
- Washing well shaped to achieve an efficient water vortex.
- Basket lifting at the end of the cycle achieved by means of a linear motor controlled by a double push button with alarm.
- "Soft-action" manual ball valve regulates the wash water loading and pressure.
- Multiple diffuser to uniform water vortex and a solenoid valve to expedite water loading and drainage.
- Simple control panel with emergency stop and an acoustic alarm switch.
- Cycle duration of 2 to 3 minutes.
- Mounted on adjustable stainless steel legs.
- IP25 protection against water jets, solid objects and small animals (larger than 6 mm).

Construction

- 304 AISI stainless steel construction throughout.
- Wells to have a capacity of 10 kg of light vegetables or 40 kg of heavy vegetables per cycle.

APPROVAL: _____

Electric

Supply voltage:	
660034 (LV300R)	400 V/3N ph/50 Hz
Total Watts:	1.2 kW

Key Information:

Usable well capacity:	300 lt
Load per cycle - light vegetables:	10 kg
Load per cycle - heavy vegetables:	40 kg
External dimensions, Width:	1500 mm
External dimensions, Depth:	900 mm
External dimensions, Height:	850 mm
Shipping weight:	248 kg

CWI = Cold Water inlet 1 (cleaning)
 D = Drain
 EI = Electrical inlet (power)
