Vegetable Peeler, 25 kg - Abrasive Plate & Filter

ITEM # _____

MODEL # _____

NAME # _____

SIS # _____

AIA # _____

603258 (T125FIT)

25 kg stainless steel Vegetable Peeler with abrasive Plate and cylinder. Filter table included. Equipped with electrovalve to automatically open/close the water system. Flat control panel

Short Form Specification

Item No. _____

Stainless steel cylinder diam. 540mm, angled at 18° towards the front. This improves the performance and facilitates the loading and unloading of the vegetables. The removable rotating plate is covered with a special abrasive vitreous material guaranteeing a high quality finish to the peeled vegetables and a practically unlimited lifespan. Fully opening transparent polycarbonate lid with lock, equipped with a micro switch to stop the machine if lid is opened, as well as an interlocking safety magnetic device will stop the machine when the unloading door is opened. Built-in stainless steel filter table (on rubber feet) with a removable filter basket (anchoring to floor recommended). Flat and waterproof touch button control panel with timer. The controls and the motor have IP55 protection. Supplied with abrasive plate, abrasive cylinder and electrovalve to control water flow.

Main Features

- Stainless steel cylinder, 540 mm in diameter, angled at 18° for better performance and to facilitate vegetable loading and unloading operations.
- Water-tight aluminum door with upward lifting, incorporates a safety device activated when opened.
- Supplied with:
 - abrasive plate, abrasive cylinder and filter basket as standard
- Timer with countdown display.
- Pulse function to control the unloading operation.
- Safety devices will stop the machine from operating when the lid and/or door are opened.
- Suitable for 100-500 meals per service.
- Supplied with electrovalve to control water flow.
- The transparent polycarbonate lid with lock is equipped with a micro switch to stop the machine if lid is opened.

Construction

- IP55 waterproof control panel.
- Stainless steel filter table with a removable filter basket attached to the peeler.
- Transparent polycarbonate lid fully opening, equipped with lock.
- Transparent BPA free cover incorporates a magnetic safety system which stops the machine if lid is not properly closed.
