588217 (MA1ADAJOOO)

Open Base, one-side operated - H2

Short Form Specification

Item No.

1000 mm wide open base compartment to store pots, pans, sheet pans, etc. with hygienic design and round edges. Internal frame for heavy duty sturdiness in stainless steel. Flat surface construction, easily cleanable.

IPX5 water resistant certification.

Configuration: One-side operated freestanding base, hygienic class H2.

Main Features

- Open base compartment for storage of pots, pans, sheet pans, etc.
- All major components may be easily accessed from the front.
- Unit to be placed below modular top appliances to store pots, pans, sheet pans, etc.

Construction

- IPX5 water resistance certification.
- Hygienic design of the open base compartment with large round edges.
- 2 mm top in 1.4301 (AISI 304).
- Flat surface construction with minimal hidden areas to easily clean all surfaces
- Internal frame for heavy duty sturdiness in stainless steel.

APPROVAL:
