Ref-Freezer Base with 2 drawers, one-side operated - R290

### **Short Form Specification**

#### Item No.

Refrigerated base with 2 drawers, able to operate both as refrigerator or freezer, with temperature range from -22°C to +8°C. Constructed according to 1.4301 (AISI 304) with anti-tilt runners accepting GN 1/1 containers. CFC and HCFC free, highly ecological refrigerant type: R290 (ecological gas in foam: cyclopentane). Hydrocarbon refrigerant gas R290 for the lowest environmental impact (GWP=3), to reduce green house and ozone depletion effects. Flat surface construction, easily cleanable. Large digital white-digit soft touch display. Handles ergonomically designed with embedded hygienic silicon "soft" grip enable easier handling and cleaning. Connectivity ready.

IPX3 water resistance certification.

Configuration: One-side operated freestanding base.

### Main Features

- Two Drawer Refrigerated/Freezer Base with built-in compressor unit.
- Unit able to operate both as refrigerator or as freezer, with temperature range from -22°C to +8°C.
- Suitable for use in ambient temperatures of up to 40 °C.
- Designed for modular installation into the cooking block.
- All major components may be easily accessed from the front.
- Each drawer to accommodate one GN 1/1 container max 150 mm high.
- Magnetic snap-in drawer gaskets are removable for cleaning.
- Forced air circulation for rapid cooling and an even temperature distribution.
- Unit may be installed on castors.
- Connectivity ready for real time access to connected appliances from remote and data monitoring (requires optional accessory).
- Unit constructed according to DIN 18860\_2 with 70 mm recessed plinth.
- Perforated top surface and bottom plate for a better air circulation.
- Handles are ergonomically designed with silicon "soft" grip for easy handling and cleaning.

#### Construction

- Large digital white-digit display with soft touch buttons.
- Constructed in Stainless steel with Scotch Brite finish to meet the highest hygiene standards.
- Built-in compressor to suit operating conditions.
- IPX3 protected.

## Sustainability

 CFC and HCFC free, highly ecological refrigerant type: R290 (ecological gas in foam: cyclopentane). Hydrocarbon refrigerant gas R290 for the lowest environmental impact (GWP=3), to reduce green house and ozone depletion effects.

# **Optional Accessories**

### EI = Electrical inlet (power)

### Electric

Supply voltage: 220-240 V/1N ph/50 Hz

Electrical power, max: 0.48 kW
Total Watts: 0.48 kW

### **Key Information:**

External dimensions, Width: 1000 mm
External dimensions, Depth: 800 mm
External dimensions, Height: 550 mm
Net weight: 80 kg
N° of drawers: 2

Gross capacity:

### **Refrigeration Data**

Operating temperature min.: 8 °C Operating temperature max.: -22 °C

Compressor power:

Defrost type: Electric

### Sustainability

Current consumption:3.6 AmpsRefrigerant type:R290Refrigeration power:0 WRefrigerant weight:85 g
