8-Tub Ice Cream Dipping
Cabinet 58" Long

Short Form Specification

Item No. _____

Front of the house display ice cream or gelato dipping cabinet. Exterior & interior panels stainless steel painted white, bottom panel is galvanized steel, top panel is galvanized material painted white to match. Fin & tube condenser to improve the performances in high-temperature environments. Automatic Defrost Cooling System and temperature control. Includes (1) NSF® certified temperature gauge, and (8) barrel ice cream tub frames; (8) gelato pan is an available option. Front is radius white plastic, lit from behind, for customer supplied signage if desired. Additional freezer storage on operator side.

Main Features

- Temperature range of -4 to +4 F°
- Fan cooled condenser to cope with heavy duty conditions
- Included as standard 1 NSF® certified temperature gauge and 8-barrel ice cream tub frame.
- Bottom drain with plug for easy interior cleaning and defrost water discharge
- Electronic Temperature Control, quick and simple to set, with control display for easy monitoring.

Construction

- Tempered glass viewing pains & sliding lids
- Plexiglass sliding shields.
- Exterior and Interior finish in white
- Locking lids and key protect the contents of the unit.
- Heavy-duty, locking casters keeps the unit in place but allow position adjusting.

Sustainability

- Hydrocarbon refrigerant gas R290 for the lowest environmental impact (GWP=3) - CFC and HCFC free.
- Low energy consumption thanks to high efficiency components, insulation and optimized airflow.
