

# CAPRI PLUS 114 WITH PUMP SYSTEM, DIGITAL CONTROL AND MIXER

**Ref: 561859**  
**(CAPRI114)**

CAPRI PLUS 114 STD DIGITAL WITH MIXER WHITE AND PUMP SYSTEM

## General Features

Capri Plus114 is a single-flavor countertop unit, with pump feeding system, and delivers Soft Serve Ice Cream and Frozen Yogurt.

This equipment has a pump feeding system, and it is equipped with 8-litres tank capacity and 1,95-litres freezing cylinder volume.

With the PUMP feeding system, the equipment incorporates more air - high overrun - and therefore the dispensed ice cream more light and soft. High overrun means higher margins.

This equipment can dispense up to 290 cones (75gr)/h

Thanks to its digital control with touch screen is possible to set and to monitor the equipment functions.

The equipment is air-cooled: no water connections required, this means fewer operating costs and easy to install.

The tank agitator and the stainless steel drip tray are available as optional accessories.

# CAPRI PLUS 114 WITH PUMP SYSTEM, DIGITAL CONTROL AND MIXER

## Specifications

- The machine is equipped with tank agitator and stainless steel drip tray.
- Digital control with touch screen.

## Construction

- Air-cooled version requires no water connections that means low operating costs and easy installation.

## Electric

Supply voltage:	380-400 V / 3N/1 ph / 50 Hz
Electrical power max.:	1.4 kW
Current consumption:	0 Amps
Plug type:	IEC/EN 60309-1/2

## Key Information:

Hopper Capacity:	0 lt
Dimensions, Width:	475 mm
Feeding System:	pump
Dimensions, Depth:	600 mm
Dimensions, Height:	791 mm
Net weight:	120 kg
Cooling system:	AIR
Flavors:	1
Freezing Cylinder Capacity:	0 lt
Hourly Production (up to):	0 75gr cones

## Refrigeration Data

Refrigerant gas:	R452A
