

NINA, 2 BOWLS AND ELECTRONICAL CONTROL

**Ref: 562083
(NINA2)**

NINA 2 STD 230/50 WHITE - GAS R452A

General Features

NINA 2 is a mini dispenser that prepares cold creams, sherbets and slush.

Compact and lightweight, NINA 2 with n. 2 bowls, each with a capacity of 2 litres, and its small size, is a compelling proposal for locations with low volume requirements, for the operators who have limited space and low sales volumes and for off-season use when the frozen products demand is low.

Tanks have a capacity of 2 litres, to reduce waste and to provide high product rotation and freshness.

The front electronic keypad can be used to set the temperature and the defrost mode.

This mini slush machine has a special fire-resistant plastic frame composed of ABS & Polycarbonate, and steel side panels.

NINA 2 is cutting-edge, easy to use, very attractive and exclusive.

NINA, 2 BOWLS AND ELECTRONICAL CONTROL

Specifications

- Mini dispenser that prepares cold creams, sherbets and slushies.
- Well-suited for operators with limited space and low sales volumes, or can be particularly useful during the off-season when demand for frozen products is low.
