Electric fry top with smooth polished chrome cooking plate, thermostatic control, half module

Short Form Specification

Item No. _____

To be installed on open base installations or bridging supports. Smooth polished chrome cooking surface. Temperature range from 120°C to 280°C. Removable drawer below the cooking surface for the collection of grease and fat. Exterior panels in stainless steel with Scotch Brite finish. One piece pressed work top in 1.5 mm thick stainless steel. Right-angled side edges to allow flush-fitting junction between units.

Main Features

- Unit to be mounted on open base cupboards, bridging supports or cantilever systems.
- Large drain hole on cooking surface permits the draining of fat into large 1 liter collector placed under the cooking surface.
- Large grease collection container available as optional accessory to be installed under top units over open base cupboard.
- Safety thermostat and thermostatic control.
- Stainless steel high splash guard on the rear and sides of cooking surface. Splash guard can be easily removed for cleaning.
- IPx4 water protection.
- Frontal simmering zone.
- Temperature range from 120° up to 280°C.
- Polished chromium surface avoids the mixing of flavors when passing from one type of food to another.
- Cooking surface 12mm thick polished chrome for optimum grilling results and ease of use.
- Infrared heating elements mounted below the cooking surface.
- Suitable for countertop installation.

Construction

- All exterior panels in Stainless Steel with Scotch Brite finishing.
- One piece pressed 1.5 mm work top in Stainless steel.
- Model has right-angled side edges to allow flush fitting joints between units, eliminating gaps and possible dirt traps.
- Cooking surface completely smooth.
