110592 (NP72HDFC)

2-half door, dual temperature refrigerator 670lt, -2+10°C / -22-15°C, digital, AISI 304, R290

Short Form Specification

Item No.

Two half door refrigerator entirely constructed in 304 AISI stainless steel with bottom panel in anti-corrosive material. Large digital white-digit display with cabinet temperature display and setting, and possibility to select the desired levels of humidity. Bluetooth technology included allows to keep HACCP historical data and download them through the app. HACCP-compliant control with alarms and history. Active defrost to defrost only when required with automatic evaporation of defrost water. Back to front forced air flow and removable air conveyors provides even temperature distribution and fast cooling in any conditions. Fitted with 75 mm-thick cyclopentane insulating foam. On-site reversible door features lock and door microswitch to switch off the fan when the door is opened. Hidden evaporator to guarantee higher storage capacity and less corrosion problems. Built-in refrigeration unit; ventilated operation; Internal LED light. Dual operating temperature: -2/+10°C -15/-22°C. For ambient temperatures up to 43 °C. CFC and HCFC free. R290 gas in refrigeration circuit. Supplied with n. 4x2/1GN Rilsan coated grids and n. 4 sets of 2 stainless steel grid runners. Prearranged to fit RS485 port to facilitate connection to a remote computer and integrated HACCP systems.

Main Features

- Right hinged two 1/2 door with heated frame.
- Large storage area suitable to contain 2/1 GN grids or shelves on anti-tilt runners.
- Cabinet fitted with up to 75 mm thickness of cyclopentane insulation for best insulating performance with 100% environmental protection (thermal conductivity: 0,020 W/m*K).
- 60 mm-thick insulation covering the evaporator can be easily removed with a single operation.
- Rilsan coated grids for improved protection.
- Tropicalized unit (43°C ambient temperature).
- Optiflow: back to front forced air flow and removable air conveyors provide even temperature distribution and fast cooling in any conditions.
- Dual temperature type: -2 +10 °C/-15 -22 °C.
- Connectivity ready for real time access to connected appliances from remote and data monitoring (requires optional accessory).
- Operating temperature can be adjusted from -2 to +10°
 C to suit different food storage requirements.
- Performance guaranteed at ambient temperatures of +40°C (Climatic class 5).
- Internal structure with 44 charging positions available to host grids, ensuring higher net capacity and a greater storage space.
- Possibility to select 3 different levels of humidity according with the type of food stored inside.
- Zanussi Professional Fridge Control APP make the life easier for our customers:
- Monitor safety of preservation process thanks to HACCP data & alarms precise control
- Save time and easy data management having the possibility to send the HACCP information in excel format directly to e-mail address
- Quick operations: set the cabinet temperature/ humidity/turbocooling and set date/hour
- Large digital white-digit display with cabinet temperature display and setting, and possibility to select the desired levels of humidity. Bluetooth technology included allows to keep HACCP historical data and download them through the app.
- Electrolux Professional Fridge Control APP make the life easier for our customers:
 - Monitor safety of preservation process thanks to HACCP data & alarms precise control
 - Save time and easy data management having the possibility to send the HACCP information in excel format directly to e-mail address
 - Quick operations: set the cabinet temperature/ humidity/turbocooling and set date/hour
- Fully compliant HACCP digital control: when temperature exceeds critical limits, acoustic and visual alarms are activated. Up to 30 days of event are kept in memory.

APPROVAL:

NPT Active 2 Half Door Dual Digital Refrigerator, 670lt (-2°C/-22°C) R290

Construction

- Constructed from the highest quality AISI 304 Stainless steel.
- Interior base with rounded corners, pressed from a single sheet.
- The rounded internal corners, the easily removable runners, grids and air conveyors allow for ease of cleaning and high hygiene standards.
- Stainless steel runners and supports easily disassembled.
- Anti-corrosion bottom avoids any damage that may be caused to the cabinet by aggressive detergents employed to clean the floors.
- Easy access to the main components for maintenance.
- · Lockable door.
- The label complies with the delegated regulation (UE) 2015/1094 of the commission of 5th may 2015.

Sustainability

- Cleaning-free condenser: the structure of the wire frame condenser prevents dust and grease accumulation thus avoiding periodical cleaning operations and reducing energy consumption.
- Improved defrost and evaporator fan management defrost type changes with temperature set-point: electric below +2° C while air convection defrost above +2°C, thus saving
- CFC and HCFC free, highly ecological refrigerant type: R290 (ecological gas in foam: cyclopentane). Hydrocarbon refrigerant gas R290 for the lowest environmental impact (GWP=3), to reduce green house and ozone depletion effects.
- · Cabinet certified as Class A in heavy duty working conditions (40°C-40% humidity) based on European Ecodesign directive.
- CFC and HCFC-free insulation.
- Automatic evaporation of the defrosting water by hot gas on the top for energy saving.
- R290 refrigerant to reduce green house and ozone depletion
- Interior LED light to save energy and for best internal visibility.
- Door switch stops the fan when door is opened to avoid cold air exiting the cell, thus saving energy.
- Removable triple-chamber balloon magnetic gasket to improve insulation and reduce energy consumption and ease of cleaning.
- Frost Watch Control: fully automatic defrost starts only when ice is actually building-up in the evaporator and adapt the defrosting duration to guarantee perfect ice removal while optimizing energy efficiency consumption.

Included Accessories

4 of 2/1GN grey rilsan grid with 2 runners PNC 881020

Optional Accessories

	-		
•	2 stainless steel runners for refrigerated cabinets (Marine)	PNC 880242	
•	Set of 8 GN1/1 PVC containers for fish	PNC 880243	
•	Spacer for 670 lt and 1430 lt refrigerated cabinets	PNC 880248	
•	Pedal opening for cabinets	PNC 880324	

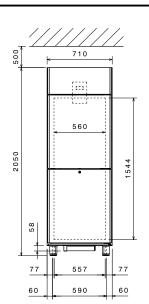

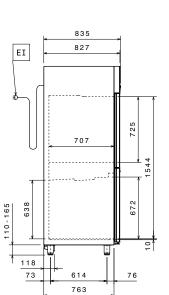

•	1/1GN plastic container with false bottom	PNC 880705	
•	4 swivelling wheels (2 with brake), diam 125 mm, for refrigerators, NOT for remote models	PNC 881002	
•	2/1GN grey rilsan grid	PNC 881004	
•	2/1GN aisi 304 stainless steel grid	PNC 881016	
•	2/1GN 304 AISI stainless steel grid with 2 runners	PNC 881018	
•	Set of 2 stainless steel runners for 670/1430lt refrigerators and freezers	PNC 881021	
•	2/1GN pvc container with lid and 2 runners	PNC 881039	
•	2/1GN perforated shelf	PNC 881042	
•	1/1GN rilsan steel wire basket h=150mm	PNC 881043	
•	2/1GN grev rilsan basket+2 runners h=150mm	PNC 881047
